## MEMORANDUM

Date: June 4, 2020  
To: Security Committee  
From: Tina Talamantes, Interim Security Chief  
Subject: Security Update Report for the Month of May

---

### **OPERATIONS UPDATES**

The Department is currently working on the following projects:

- Additional Valor Security staff to support Security Gate & Patrol until vacancies are filled
- Recruitment for the Security Supervisor: (see Agenda Item 5)
- Continuing Recruitment for Gate and Patrol Officers: New hire - Patrol Officer Warlito Gabriel; currently training on Gates
- Summer Events Planning/Extra staffing: Sacramento Sherriff Department (SSD) is on hireback on Fridays until further notice (evening hours); responds to District calls and provides patrol services; will utilize Valor Security as needed for extra patrol
- RFP for Contract Security Services: (see Agenda item 7)
- RMCC events: We met with RMCC staff and temporarily resolved slow traffic issues at the gate with one lane dedicated to tournament check-ins/pass issuance (with signs and cones). We had two large golf tournaments May 24 and 27, and traffic flow backup was minimal. Traffic Delay Advisories were posted with RMA and on CSD websites.

### **Rancho Murieta Association activity:**

We continue to work with the RMA Leadership on a regular basis. Our focus is to improve our level of service and have positive contacts with residents. If there are incidents where there is a safety concern, they notify Security Dispatch to call the Sacramento Sheriff's Department. The following list is the current focus of our meetings.

- General non-architectural enforcement
- Stop Sign enforcement – enforcement missions conducted each week; other violations issued during regular patrol
- Speed enforcement –enforcement missions conducted each week during the daytime hours only; other violations issued during regular patrol
- License Plate Reader (LPR) cameras: North Gate: Watchdog Security will be installing new call box cameras and set the pole foundation for LPR cameras at the North gate the week of June 1. South Gate: Electrical/conduit is done at South Gate. Watchdog security will run the power to the cameras for the South Gate week of June 1.
- Cameras at Lakes: RMA approved camera installations at the Lakes. RMA Maintenance to install poles for camera setup. Watchdog Security will install the cameras and is awaiting power/internet to the Lake areas.
- Barcode readers: (see Agenda item 8)
- RMA July 4<sup>th</sup> Fireworks and Parade: RMA approved the annual Fireworks celebration and Parade for 2021. We are working on an IAP for the event. We have requested SSD Hireback for two (2) shifts, with a total of six (6) Deputies for the event (subject to sign-ups). Main objectives are traffic/access control and exterior security patrol.

**Murieta Village activity:**

- Regular patrol activity

**Rancho Murieta Commercial Owners Association activity:**

- Regular patrol activity

**INCIDENTS OF NOTE**  
**MAY 1-31, 2020**

**May 2-3, 2021: Trespass Advisement**

North and South Gates – A rancher who lives outside the District, came to the gates, harassing employees. He was given a Trespass Advisement and sent a letter by the Interim Security Supervisor for his egregious behaviors. He has no business at the gates or in the RMA area. SSD was notified and a report was taken.

**May 4, 2021: Vehicle Accident**

Lake Chesbro – Patrol responded to a grey Toyota Camry that was stuck in a ditch near Lake Chesbro. It appeared the vehicles tried to do a three-point U-turn but got stuck in a ditch area. A tow truck responded to remove the vehicle. No entry into the Lake.

**May 7, 2021: Vehicle Accident/DUI Arrest**

Patrol responded to a Honda Accord that collided with the curb at the Lago Gate. SSD Deputy Halk, who was working hireback for the District, also responded. The driver appeared to be DUI. CHP responded and the driver was turned over for the DUI investigation.

A delivery truck was insisting on using the resident only Lane instead of the appropriate visitor/vendor Lane. Patrol made contact with the driver and explained the procedure just like the gate officer did. The truck driver insisted that he would not fit but it was explained to him repeatedly that the building is missed marked and he like all the other full-size commercial semi's would fit. The driver refused to move his truck from the lane and insisted that we just let him in. It was explained to the truck driver that that is not our policy or our procedure as that is the reason that we have the gates there in the first place. The driver refused to give me his employer's contact information or his name. The passenger in the truck, the drivers assistant, was on the phone with someone stating it was his employer. The resident then called the gate stating that we were refusing to let their delivery in. The resident was told that we were not refusing them we just simply needed them to follow the rules and use the appropriate lane so we could check them in and capture their plate on the camera. The resident came to the gate and verbally bashed the driver for his stupidity. The resident yelled at the driver and told him that "he had 15 feet of clearance." The driver still refused to cooperate and the resident told him to take the chair back, she no longer want it. Both the driver and his assistant were laughing as they backed out and headed towards Sacramento. Patrol attempted one last time to get the driver to just use the appropriate gate and be able to get on with his delivery.</p>

Upon arrival patrol was informed that a resident who was on the phone and being very irate stated he was coming to the office. Patrol spoke to the general manager who stated that the resident was upset regarding a citation and him losing his appeal with the association. General manager asked patrol to standby as a witness in the event the resident took physical action. When the subject arrived he appeared to be very agitated and moving in aggressive manner towards the general manager. The gentleman's tone of voice was very aggressive and accusatory towards the general manager. The resident was advised of the different processes that he has available to further his appeal, but didn't want to listen to it. The subject then became condescending towards the general manager then left the building. Patrol observe the subject still sitting in the parking lot and appeared to be on his cell phone. Patrol took a position of observation just down the street and had dispatch contact the RMA to advise them of his location. At 12:16 the subject finally exited the parking lot and headed south towards the north gate.</p>

## MEMORANDUM

Date: June 1, 2021  
To: Security Committee  
From: Tina Talamantes, Interim Security Chief  
Subject: Consider Adoption of District Policy P2021-05, District Surveillance Cameras Policy

---

### **RECOMMENDED ACTION**

Adopt District Policy P2021-05, District Surveillance Cameras

### **BACKGROUND**

This policy will provide the District with the necessary procedures, policies and responsibilities for the use of the surveillance camera systems, as well as the management, storage and retrieval of audio/visual material recorded by the cameras.

The use of District surveillance camera systems provides persuasive documentary evidence of suspicious activities, criminal activity, and other events in the District. District surveillance cameras are located throughout the District and are placed in locations that will offer views of sensitive and vital areas of the District. District personnel assigned to use surveillance camera and video systems will adhere to the operational objectives, policies, responsibilities, and procedures outlined in this policy to maximize the effectiveness and utility for the District surveillance camera system and the integrity of evidence and related video documentation.

### **SUMMARY**

The purpose of this policy is to provide accountability and transparency to the public and provide recordings of incidents that may supplement a report, conduct and enforcement activity. Recorded data serves a dual purpose to the District by protecting both District Personnel and citizens.

The policy specifically defines the purpose of the use of the surveillance cameras, the training required of personnel in the use of District cameras, responsibilities of the District and its personnel, and the release of specific requests of surveillance footage made pursuant to the California Public Records Act.

This Policy will be moved to the regular Board meeting June 16, 2021, if the Committee approves the policy.

# RANCHO MURIETA COMMUNITY SERVICES DISTRICT

<b>Category:</b>	Security	<b>Policy #</b> P2021-05
<b>Title:</b>	District Surveillance Cameras	

## PURPOSE

District surveillance cameras provide accountability and transparency to the public and will provide a recording of an incident that may document conduct or enforcement activity or supplement a report.

The principal purpose of this policy is to provide the Rancho Murieta Community Services District's (District) Security Department with the appropriate procedures, policies, and responsibilities for the use of the District surveillance camera systems as well as the management, storage, and retrieval of audio/video material recorded by District surveillance cameras. Recorded data serves a dual purpose to the District by protecting both District personnel and citizens.

## POLICY STATEMENT

The use of District surveillance camera systems provides persuasive documentary evidence of suspicious activities, criminal activity and other events in the District. District surveillance cameras are located throughout the District and are placed in locations that will offer views of sensitive and vital areas of the District. District personnel assigned to use surveillance camera and video systems will adhere to the operational objectives, policies, responsibilities, and procedures outlined in this policy to maximize the effectiveness and utility for the District surveillance camera system and the integrity of evidence and related video documentation. District employees who violate this policy will be subject to disciplinary action, up to and including termination.

## OBJECTIVES

The District's Security Department uses surveillance systems to accomplish the following primary objectives:

1. To enhance Gate and Patrol Officer safety and accountability.
2. To accurately capture activities and events throughout the District.
3. To enhance the Gate and Patrol Officer's ability to document and review activities, incidents and other events for both internal reporting requirements and investigations.
4. To capture visual and audio evidence/information for use in current and future investigations and proceedings.
5. To insure the safeguarding of District property.
6. To protect Officers from accusations of misconduct or abuse from the general public.
7. To deter misconduct.

## **DISTRICT RESPONSIBILITIES**

1. The District may install and operate surveillance cameras as it deems appropriate in designated areas within the District. District personnel will use only District-owned surveillance camera systems, and not use personal recording devices when an event occurs.
2. The District will provide Gate Officers, Patrol Officers and Sergeants with training on the use of surveillance cameras and video systems.
3. The District will approve media viewing and duplication devices.

## **OFFICER RESPONSIBILITIES**

1. When necessary to help ensure the accuracy and consistency of accounts for written reports, Gate and Patrol Officers may contact the Patrol Sergeant or the Security Supervisor and request to review the recording of an incident in which he or she was involved.
2. Personnel will not erase, alter, reuse, modify, edit, duplicate, share, distribute, or tamper with any surveillance camera system, recording or storage device without prior written authorization from the Security Supervisor.
3. Gate and Patrol Officers will notify the Patrol Sergeant or Security Supervisor when the surveillance camera system has captured an apparent felony, misdemeanor, or DUI, or any event requested as evidence by a peace officer.
4. Gate and Patrol Officers and the Patrol Sergeant shall operate the surveillance cameras and video systems in accordance with the manufacturer's guidelines, departmental policy, and training.
5. Gate and Patrol Officers shall inspect the surveillance camera and video system at the beginning of each shift to ensure that the equipment is functioning according to the manufacturer's guidelines.
6. Gate and Patrol Officers shall immediately report any malfunction, damage, or theft of the surveillance camera system to the Patrol Sergeant or Security Supervisor so that a repair or replacement unit may be provided.
7. To reduce the risk of damage, original recordings shall not be viewed in any equipment other than the equipment authorized by the Security Supervisor.
8. Surveillance cameras and systems will remain in the area designated by the Security Supervisor.
9. Personnel will not make copies or use other recording devices to capture images on the display screen for personal use or distribution.

10. Streaming of surveillance camera footage to personal cellular phones or social media is not authorized. Personnel are explicitly prohibited from accessing recorded data for personal use or publication onto public and social media internet websites. Any violations of this prohibition will be grounds for sanctions, including disciplinary action.

### **SERGEANT RESPONSIBILITIES**

1. When an incident arises that requires the immediate retrieval of the recording, the Security Supervisor or his/her designee shall review and retain a copy of the recording in the District office. The Security Supervisor shall transfer the recording to the Security Supervisor's computer video storage file on the District's Security Server.
  - a. Upon downloading, the Security Supervisor or designee shall flag the entry as evidence to ensure that it will not be inadvertently deleted after the one-year retention period (per Government Code, Section 53160) for non-evidence or investigation related recordings.
2. The Security Supervisor or Sergeant shall conduct periodic reviews to:
  - a. Ensure the equipment is being used in accordance with policy and procedures.
  - b. Make recommendations for revision to the policy, procedures, officer training, or equipment needed.
  - c. Inspect for equipment damage, loss or misuse and to report and investigate the cause.

### **REVIEW OF DATA/VIDEO**

1. Data captured by the District surveillance cameras is an official District record and shall be treated in the same manner as reports and evidence. All access to the system will be logged and subject to a compliance audit at any time. Access to the system is permitted on the right to know and need to know basis. Only employees authorized under this policy may review video according to the provisions of this policy.
2. An employee may review District surveillance camera files as it relates to:
  - a. Their involvement in an incident for the purpose of completing a report.
  - b. Prior to courtroom, arbitration, or deposition testimony.
  - c. For potential training purposes.
  - d. A supervisor desiring clarification regarding a concern from a citizen.
  - e. A supervisor, who is investigating a particular incident or accusation of misconduct, may review videos based on a supervisory need.
3. In no event shall any recording be used or shown for the purpose of ridicule or embarrassing any employee or member of the community.

### **MEDIA DUPLICATION**

1. All cameras, equipment, recorded media, recorded images, and audio/video recordings are the property of the District. Accessing, copying, distributing, using or releasing video or audio files outside of the District or for non-Security Department purposes is strictly prohibited without specific written authorization from the Security Supervisor or General Manager. The exception is the release of recorded video/audio to law enforcement agencies with authorization from the Security Supervisor.
2. Requests to review or copy video/audio recordings made under the Public Records Act shall be made through the Security Supervisor. Each request will be evaluated and responded to on a case-by-case basis and in accordance with the requirements of the Act. If a recording is to be released, only the incident or incidents specifically requested shall be duplicated. The District reserves the right to redact the video to protect privacy interests of innocent or third parties not directly involved with the specific incident. The District reserves the right to decline a request for the following records: investigatory or security files compiled by the District for law enforcement or licensing purposes; any record where, on the facts of the particular case, the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record; records concerning confidential crime victim, sexual assault or child abuse images or recordings; and, any other record exempt from disclosure under the Public Records Act.
3. To prevent damage to or the alteration of the original recorded media, it shall not be moved or copied to, viewed in, or otherwise inserted into any non-District approved computer or other devices.
4. When possible and practical, a copy of the original recorded media stored in evidence shall be used for viewing by investigators, staff, training personnel, etc., to preserve the original media in pristine condition.
5. At the conclusion of any court or similar proceeding, investigation, other hearing involving District surveillance data, all copies shall be submitted back to the Security Supervisor for retention (except for any evidence retained by a court or as otherwise authorized by law).
6. Gate and Patrol Officers may review video footage of an incident in which he or she was involved before making a statement or being interviewed or examined about the incident.

## **MEDIA STORAGE, RETENTION AND DESTRUCTION**

1. Recorded data from the surveillance camera systems shall be retained in the Security Supervisor's office for a minimum of one year (as required by Government Code section 53160).
2. After one year, if the data is not needed for evidence, training, a pending disciplinary matter, pending criminal case, civil lawsuit, claim or other proceeding, other investigative or law enforcement purpose or pending citizen complaint, the General Manager is authorized to destroy and erase the data within the computer system in a manner consistent with current District Policy.

3. Recorded data from surveillance camera systems shall not be destroyed or erased without the General Manager's approval.

## MEMORANDUM

Date: May 28, 2021  
To: Security Committee  
From: Tina Talamantes, Interim Security Chief  
Subject: Security Supervisor Recruitment

---

### **BACKGROUND**

The District adopted an updated job specification for the position of Security Chief, renaming it Security Supervisor and enhancing the requirements and duties for the position on March 17, 2021. We posted ads on Indeed, Government Jobs, River Valley Times, Elk Grove Citizen and Galt Herald in late March. We received fifteen applications, five of which were from candidates who met the minimum qualifications. Initial phone screenings were conducted with each of these five candidates, and they were scheduled for in person or ZOOM interviews. Three of the five candidates cancelled and did not reschedule, one interview was completed, and one is pending.

### **SUMMARY**

After completion of the final interview the week of May 31, Staff will evaluate active candidates and decide if any are qualified to perform the duties required. If not, we will continue the recruitment process.

# MEMORANDUM

**Date:** May 30, 2021  
**To:** Security Committee  
**From:** Tina Talamantes, Interim Security Supervisor  
**Subject:** Request for Proposal (RFP) for Contract Proposal for On-Call Security Services

---

## RECOMMENDED ACTION

Approve ABA Protection Inc. RFP Contract Proposal for On-Call Security Services, for presentation to the Board of Director's meeting June 16, 2021.

## BACKGROUND

The Rancho Murieta Community Services District has previously contracted with Valor Security formerly PDF Security for on-call security services on an "as-needed" basis. The current contract with PDF Security expired on February 22, 2021. At which point the contract reverted to a month-to-month agreement.

Since total contract services exceed \$25,000 annually, an RFP was required. The RFP was issued on April 6, 2021, with a submission deadline of April 27, 2021, which was extended to May 18, 2021, due receipt of no qualified responses.

The District requested proposals for security companies to provide non-sworn, unarmed, and uniformed personnel for Gate duties, and armed and uniformed personnel for security guard services for the District for three years beginning July 1, 2021, and ending June 30, 2024, with an option to extend for two additional years. Strict Liability Insurance requirements were outlined in the Proposal of Commercial General Liability of \$2,000,000 per occurrence and \$4,000,000 aggregate.

Only one Proposal was received on April 27, 2021; however, the specific requirements for Addendum Questions and liability insurance were not met. We extended the deadline to May 18, 2021. We received two (2) additional Proposals: one from ABA Protection Inc., which met all of the requirements, as outlined in the original RFP, and one from Valor Security Inc., which did not meet the liability insurance requirements, as outlined in the original RFP.

## ABA PROTECTION INC.

ABA Protection Inc. was founded in 2011 by Anton Belov and was incorporated in 2015. ABA Protection Inc. is a small business and CGS certified SB (micro). The corporate office is based in Castaic, California with a regional team in the bay area along with other regional teams throughout California.

ABA Protection has experience in working with homeowner's associations and private communities throughout the State, including Bartlein & Company Inc. ABA Protection Inc.'s staff always maintain visibility to deter any criminal activity and provides assistance to the residents with any information they need regarding the scope of work. Along with directional guidance on properties or in offices, ABA Protection Inc. keeps a clear open line of communication with the Board members and Staff to ensure the community rules and regulations are accurately enforced and upheld.

ABA Protection Inc. has a low turnover rate and high retention practices. ABA Protection Inc. initiates candidate selection through a face-to-face meeting, evaluation process, mental and physical evaluations and procedures. All ABA Protection Inc. staff are credentialed with BSIS guard cards, BSIS firearms permits, and have appropriate CPR/AED certifications.

ABA Protection meets all General Commercial Liability Insurance requirements as set forth in the original RFP of \$2,000,000 per occurrence and \$4,000,000 aggregate.

See attached Proposal from ABA Protection Inc.

### ORGINIZATIONAL CHART

## Attachment B – Scope of Work

### SP-2. SCOPE OF DUTIES

ABA Protection Inc. is ready and willing to fulfill, with pride, the security guard services for Rancho Murieta Community Services District RMCS D's specific locations, posts and patrol perimeters.

ABA Protection Inc. understands this contract is based on hourly rates and will be acceptable under the outlined specifications. RMCS D may increase or decrease the quantity of any item or portion of the work or to omit portions of the work by RMCS D's wishes and needs. These changes will be set forth by an RMCS D Representative directly to ABA Protections Inc. Special event security personnel may also be requested for additional security personnel(s) on-call. Any changes done by RMCS D will not void the agreement between RMCS D and ABA Protection Inc. ABA Protection Inc. understands to contact our RMCS D Representative if we find any conflict with the plans/scope of work prior to proceeding with services.

ABA Protection Inc. will provide non-sworn, unarmed uniformed security officer personnel for Gate duties, and armed uniformed security guard services personnel for Patrol duties, as needed in an on-call basis.

ABA Protection Inc. already studied RMCS D's website and read through the Security tab to review specifics of the project at hand. We understand the importance to be knowledgeable about our clients' needs, surroundings and scope of work. Once awarded our management team will personally meet with the RMCS D representative and do a post award review to create a working transitional plan and implement any and all needs at that point. Thereafter our management team will coordinate the needed security personnel and on-call personnel to be appointed to this project. Training and implementation will commence without haste to be prepared to start on the given start date accordingly. Our Post Commander will also create with Anton Belov CEO/Owner the ongoing rules, drills, meetings and reporting needs for security personnel working said posts. Everything ABA Protection Inc. does, and plans will be reported to and pre-approved by the RMCS D representative for full disclosure and agreement.

**Page 9**

ABA Protection Inc. has many styles for the location, post, client request, seasonal and tactical. Below are several styles. Please let us know if you have questions. We did not show the security personnel's ID for this proposal to keep the security personnel's name kept out of said proposal needs.

Photo's start on next page.

ABA Protection Inc. understands that all security officers, patrol officers and any other personnel of ABA Protection Inc. are employees solely of ABA Protection Inc.; not RMCSO. If for any reason RMCSO becomes dissatisfied with the services of a particular security officer, RMCSO will notify ABA Protection Inc. in writing. RMCSO will explain its dissatisfaction(s) of service in writing. ABA Protection Inc.'s management and account supervisor will dutifully and quickly remove said security officer personnel and replace them with a new security officer personnel; with no lapse in post duties or compromised security of RMCSO's standards and Peace Of Mind.

**Gate Officer:**

Will consist of on-call unarmed security guard personnel at the two entrances to Rancho Murieta community. This will be a twenty-four (24) hour a day, year-round basis, as needed. Duties will include, but are not limited to operating and staffing RMA security gates. Operating a communication system to maintain contact with local law enforcement, fire, EMS and any other emergency services along with appropriate entities within the District. The security guard personnel will be responsible for answering telephone calls at the gates from residents and District staff, dispatch calls for service to patrol personnel, controls and monitors access to and from gated portions within the District. All personnel will maintain records and statistics on vehicles and persons entering and leaving the District. Reports will be done during and at the beginning and end of each shift. ABA Protection Inc. has an internal reporting system that we will give access to our RMCSO representative and any other prudent RMCSO staff preapproved by our RMCSO representative. The reports will allow ABA Protection Inc.'s Post Commander, account Supervisor and RMCSO to review, in real-time, fully prepared daily reports of activities. Including but not limited to crisis alerts, important updates, pictures, videos and location points via GPS cloud security. Our system allows our Post Commander to create a specific set of key items for the security personnel to adhere to any specific needs or notes that RMCSO may want in reporting capabilities.

**Patrol Officer:**

Will consist of ABA Protection Inc. to provide on-call twenty-four (24) hour a day mobile patrol unit with armed personnel to patrol all areas within the boundaries of the District; as needed. All armed security officers are BSIS certified, fully trained, psychologically and physically examined, drug tested, background checked and upheld by ABA Protection Inc.'s stringent internal guidelines. The patrol unit will be responsible for security and crime prevention. The patrol unit will patrol assigned areas and marking specific checkpoints; observe and record incident information; write reports; answer calls for service and general complaints; operate a communication system to maintain contact with local law enforcement, fire, EMS and any other emergency services along with appropriate entities within the District. The patrol unit will also enforce covenants, conditions and restrictions ("CC&Rs") related to the provision of security services adopted for each Association within the boundaries of the District by issuing citations and enforce District Code violations as outlined in the RMCSO District Code 21, Section 8. All violations will also be noted and logged in real time through ABA Protection Inc.'s internal system for reporting.

SP-2. PERSONNEL

1. All ABA Patrol security personnel has and will present, upon request, a valid BSIS Guard Card.
2. All ABA Protection Inc.'s security personnel will be always highly visible and will maintain a professional uniform appearance at all times with a photo identification card properly attached to their uniforms visible and ready to present said card.
3. All ABA Protection Inc.'s personnel are very vigilant and alert to their surroundings. We pride ourselves with bringing passion to what we do; protect and serve while living our motto Peace Of Mind. All patrolling personnel will be active, vigilant, visible and are trained and able to handle any situation presented. From helping with directions to the worst-case scenarios.
4. All ABA Protection Inc.'s personnel maintain courteous, kind, respectful, cooperative, professional and polite security personnel. All security personnel will be able to work in harmony with one another, visitors, and with any other RMCSO employees and or staff. No fraternization in any form will be tolerated by ABA Protection Inc.'s policies.
5. All ABA Protection Inc.'s personnel will adhere to our internal policy against using abusive language. Either used with anyone or by others against our security personnel in retaliation of any inappropriate language. If used ABA protection Inc. will remove said personnel in immediate dismissal and replacement.
6. All ABA Protection Inc.'s security personnel will never physically apprehend, subdue, or restrain for any reason to adhere to the communities wishes. ABA Protection Inc.'s security personnel will, only when warranted, use proper self-defense techniques to protect residents, staff, clients or themselves from harm.
7. All ABA Protection Inc.'s security personnel are well trained and adheres to our professional guidelines of the company to stay on post and other than being cordial; our security personnel do not socialize, fraternize or engage in small talk with clients and or staff. As requested for RMCSO, our guards will not socialize or engage in small talk with visitors, staff or the general public while on duty. They will however answer questions to assist RMCSO's visitors, clients, staff and or the general public regarding assistance for directional reasons in a professional manner at all times.
8. All ABA Protection Inc.'s security personnel are proficient in communicating effectively verbally and written.
9. All ABA Protection Inc.'s security personnel will arrive on time for the shift change and shift change meeting to update on any new information or orders. They will always stay at their assigned posts and perform their assigned tasks as directed.
10. ABA Protection Inc.'s security personnel will never drink alcohol while on duty. None of our security personnel use drugs. They will never smoke, read unauthorized material or groom themselves while on post, especially while in public view.
11. ABA Protection Inc. always has back-up security personnel ready to step in, which are already trained and aware of the specific post prior to any emergency coverage. In the event of an absence by any security personnel, ABA Protection Inc.'s Post Commander and or account Supervisor will have a replacement on post in less than an hour. We will make sure there is coverage until the replacement is on post.
12. ABA Protection Inc. is aware RMCSO will not pay ABA Protection Inc. employees' overtime without prior approval. We are aware that all hourly rates we quote includes overtime assumptions.

ABA Protection Inc. has an internal company handbook that is provided during training to each employee which covers the above statements and much more. All of our security personnel adhere to everything above and much more which our security personnel will go above and beyond any and all expectations of our clients.

As part of proposal, Proposers are required to respond to the following questions:

1. Describe your experience and expertise in providing unsworn, unarmed and armed uniformed security services in a professional office environment:

As soon as the scope of work and proposal of work is established and awarded to ABA Protection Inc., we ask for a post-award meeting with said client. By going through this meeting, we are able to be advised in detail the procedures and plan with steps of enforcement of the current community rules and regulations. ABA Protection Inc. prides itself in providing clean, groomed, cordial, professional, uniformed security staff. We train officers to know each clients' specific rules and regulations. It is our rule to have the security staff always carry a copy with them on their person. We establish access control and perimeter control by having officers patrolling the property and using our QR code system to scan main check points with reports, maintenance reports, incident reports and with pictures and videos. All reports are distributed via email to all needed to know clients and staff. Along with any internal client systems they provide to our company and staff. However, ABA Protection Inc. uses a state-of-the-art real time system that we give access to a client portal for anytime access.

ABA Protection Inc.'s staff always maintain visibility to deter any criminal activity and provides assistance to the residents with any information they need regarding our scope of work. Along with directional guidance on properties or in offices.

ABA Protection Inc. keeps a clear open line of communication with the Board members and Property management to ensure the community rules and regulations are accurately enforced and upheld. In addition, ABA Protection Inc. always is open to attend Board Meetings, staff meetings and or project team meetings to discuss any changes or updates to the scope of work; as needed.

2. Describe your policy and process for supervising and managing personnel:

ABA Protection Inc. always has a Post Commander working full time on site to manage, train and keep up with the new updates. Runs meetings daily and weekly. Including but not limited to training, updates, drills, inspections or shift change advisory discussions. ABA Protection Inc. also has a Regional manager that will assist a post commander with scheduling, training and keep with the updates of the property or properties.

ABA has Shift Supervisors that oversee each shift to ensure excellence in service to our clients. ABA has on call, part time, back up personnel that are fully trained to take any shifts in case there is a gap in the scheduling to unforeseen circumstances such as death in the family, sickness or an accident of the existing scheduled staff.

3. Do you provide CPR/First Aid Training to all Patrol Officers?

Yes  No

If yes, please list those who will be assigned to perform services under the Agreement and attach a copy of their current certifications to this Attachment D.

Security Guard Names:

William Lagos is ABA Protection Inc.'s on staff lead for all training for CPR/First Aid Training and certifications. Below are some staff members that would be viable for this SOW. Any and all security personnel will either already have or will be certified or renewed prior to post for client.

4. Describe your process for conducting background checks for Security Guards.

ABA Protection Inc. takes this very seriously. We pride ourselves on low turnover and higher retention practices. ABA Protection Inc. initiates candidate selection through a face-to-face meeting, evaluation process, mental and physical evaluations and procedures.

ABA Protection Inc. uses a national database to conduct background checks, Our skip tracing software contains billions of current and historical, cross-referenced public records to ensure our searches are done right the first time. Our process system serves investigators, legal, process servers, bail bondsmen,

recovery, collections, finance, security, government and law enforcement to ensure they can locate anyone, anywhere.

5. Once employed, how do you monitor driving and criminal records for employees?

Each security personnel are monitored on an ongoing basis by management and supervisors in the field to ensure critical information is kept updated internally. Our proprietary investigative database cross-references billions of records to deliver search results in near-real-time. The database that ABA Protection Inc. uses is an investigative solution that uses cloud computing and proprietary search algorithms to deliver the most complete searches and comprehensive investigative reports in the industry. Our online skip tracing database can be used wherever there is an Internet connection, whether in an office or on a mobile smartphone or tablet device. ABA has instant access to billions of online public records to conduct person, phone, address, email, social security, civil records, criminal background, and motor vehicle searches. This information can be used to locate individuals, assets and witnesses; verify identities; and check court records. This system provides public and non-public information to those entities who qualify to receive this information under governing laws and acts, including the Gramm-Leach-Bliley Act, IRSG Principals and the Driver Privacy Protection Act.

At any time either from a client or internal ABA Protection Inc. manager there are any questions or concerns of a specific security personnel; the investigation into said personnel will be checked accordingly; regardless of, if it was just checked or not in the last 30 days. This also adheres to our company motto "Peace Of Mind". Not just for ABA Protection Inc., for the clients' reassurance that provide well rounded and sound security professionals.

To Whom This May Concern,

It is my understanding that ABA Protection Inc. is seeking to contract protection services through city and government entities. ABA is currently protecting the city of San Francisco's/ Sutter HealthCare vaccination sight at 901 Ranking St, SF. CA, 94101. As one of the onsite managers, I have personally worked with ABA staff, and Anton Belov. It is my observation that ABA is a cordial, courteous, responsive, responsible & professional company whose owner & staff take seriously its role in keeping patients, hospital staff and the building secure. I am pleased with ABA Protection Inc. and refer them without question.

Valencia, CA 91355

To Whom It May Concern:

ABA Protection Inc. has held their security position at Desert Hills Homeowners Association for almost 5 years+. During that time they have developed a close working relationship with the Association and the Management Company. Their security guards have gone over and beyond their duties, to protect and serve the Community.

The highlight of ABA Protection is their security guards. The Association has had far and too many incidents that their guards could not handle. The Association is very pleased with their actions not only because the guards do their job well done but they go beyond of what was required of them.

In the history of the Association of having security, no other security company has shown integrity as ABA Protection has. They have shown us that they are very serious about their job. They are very cordial, detailed and professional, making ABA Protection a valued part of our management team.

Together we plan to keep the Association and its Residents safe from crime and unwanted guests. They have proven to us, the Board of Directors and the Management Company that they will continue to do an impressive job.

If you have any questions, please contact us personally through our Property Manager Jackie Herbert from Bartlein & Company, Inc. at JackieH@Bartlein.com.

Sincerely,

To Whom It May Concern:

ABA Protection, Inc. ("ABA") has provided security services to the Southern California District Council of Laborers ("District Council") in Covina, CA, for the past few months while our new office is being renovated. During this short period of time, ABA has developed a close working relationship with the District Council and the employees at the construction site. Their security team has gone over and beyond their duties to protect our premises and have found instances where the construction personnel have left our building and/or storage containers unsecured and remedied the situation. Before we hired ABA, we had sustained multiple break-ins and damage to our building under renovation. Since ABA took on the challenge (with only two-days notice), we have not sustained a single break-in or loss at the new building, despite being next to a freeway and being clearly visible that the building is under construction which is a lure for any would be thief!

ABA has proven their integrity to the District Council and we plan on continuing with their services even after our building is completed and occupied. They have demonstrated to us that they are very serious about their business and protecting our premises. In fact, I have personally tested their personnel to see how they handle trespassers and they have demonstrated that they are not afraid to approach a vehicle at any hour of the night, while still maintaining a cordial and determined demeanor to protect our premises and remove any trespassers.

I would highly recommend their services to anyone needing professional security services. If you have any questions, please do not hesitate to contact me at (626)350-6900 or by email at [jon@scdcl.org](mailto:jon@scdcl.org)

Cordially,

### Closing Statement

ABA Protection Inc. created a cultured team mindset to step in and help at a moment's notice. What your employees think is what your organization becomes. This is why our motto comes up again. "Peace Of Mind". It is what ABA Protection Inc. thrives to offer employee and client each and every day.

Training, planning, drills are a cornerstone for each site and or project individually. No two are alike in this industry. Assets are different, requirements are different, and goals are different. Yet, every single opportunity any company holds is important to said client. The client needs that peace of mind. This is why a post award conference and or a transition plan is important to ABA Protection Inc.'s management team. Everyone involved is an asset. From employee, client, guests, contractors, sites, even the unruly or criminal minded. Training is precedent to a well-rounded security officer.

ABA Protection Inc. runs or sets up training courses for our security guards, also cross trains other officers from other sites, in case of an absence, call in, illness, planned vacation, planned or unplanned time off, or emergencies. We train all of our staff to work as a unit and a team to be flexible so to fill in to provide ongoing coverage as needed for each and every client. Part-time personnel are also on stand-by for scenarios to cover absent personnel. Which gives more hours to said personnel. Without loss of security level trained security guards. In addition, part time security officers are cross trained prior; ABA Protection Inc. has roving patrols that are also cross trained to assist as needed and where as needed. All security guards will fulfill all contract needed training i.e., CPR/First Aid training and the like; to fulfill any and all client warranted training required.

ABA Protection Inc. would like to make this panel aware that we reward our personnel with awards and what we use are stars. We use a rating system to let the client rate our guards and after good reviews the security guards get stars which translates into higher wages and may be awarded employee(s) of the month. We use an algorithm to calculate ratings and stars for awards each month. Internal ranks are also awarded as warranted.

Though rewards and such are great. ABA Protection Inc. also needs and wants to know from the client how our security guards are doing. Any negative remarks and or issues will be dealt with directly and right away. Either removing a security guard and or retraining. This is variable from an internal review and client discussion. We have rarely had any issues to warrant any of said needs throughout the years. This is clearly set by our expectations upfront from all personnel including management and or back-office staff.

ABA Protection Inc. understands you as the client is first. We know our team is ready. We understand any aspect placed upon us. We keep ourselves in training by client feedback and needs, suggestions, complaints, reviews positive or negative. Adapt and overcome any situation, issue or problem. This is what puts ABA Protection Inc. in the forefront.
