USELESS INFORMATION

An “aglet” is the plastic or metal tip of a shoelace.

BUDGET WORKSHOP

The District will be holding a 2017-2018 Fiscal Year Budget Workshop on Thursday, March 2, 2017 from 5:00 p.m. to 7:00 p.m. The public is welcome to attend.

District

March 2, 2017

Security @ 4:00 p.m.

Communications &
Technology @ 4:30 p.m.

March 7, 2017

Improvements @ 8:30 a.m.

Finance – No March Meeting

Personnel @ 9:00 a.m.

March 2, 2017

Budget Workshop
5:00 p.m. to 7:00 p.m.

March 15, 2017

District Board Meeting
Open Session @ 5:00 p.m.

FIX A LEAK WEEK - March 20 - 26, 2017

Fix a Leak Week is celebrated in March of each year as a time to remind Americans to check their household fixtures and irrigation systems for leaks.

The Facts on Leaks

- Leaks can account for, on average, 10,000 gallons of water wasted in the home every year, which is enough to fill a backyard swimming pool.
- The amount of water leaked from U.S. homes could exceed more than 1 trillion gallons per year. That's equivalent to the annual water use of Los Angeles, Chicago, and Miami combined.
- Ten percent (10%) of homes have leaks that waste 90 gallons or more per day.
- Common types of leaks found in the home include leaking toilet flappers, dripping faucets, and other leaking valves. All are easily correctable.
- Fixing easily corrected household water leaks can save homeowners more than 10 percent on their water bills.
- Keep your home leak-free by repairing dripping faucets, toilet valves, and showerheads. In most cases, fixture replacement parts do not require a major investment and can be installed by do-it-yourselfers.
- The vast majority of leaks can be eliminated after retrofitting a household with new WaterSense labeled fixtures and other high-efficiency appliances.

The District is offering rebates, free conservation handouts, and free water wise audits. Information is available at the Administration Office and on our website at www.rmcsd.com.

PET WASTE DISPOSAL

Did you know that pet waste contains bacteria which can be harmful to people and the environment? Pet waste left on lawns, trails, and sidewalks can wash into the storm drain system and into creeks and rivers.

Here are some reminders:

- ✓ When walking your dog(s), always carry a plastic bag and pick up after your pet(s).
- ✓ Pet waste stations, which provide free plastic bags, are located at Laguna Joaquin, Lake Chesbro, Stonehouse Park, and Riverview Park.
- ✓ Dispose of pet waste in the trash.
- ✓ Never wash pet waste into a storm drain.

We thank you for being a responsible pet owner and helping to keep our waterways clean.

Stop by and take a look at the brick purchased in honor of Director Betty Ferraro at Stonehouse Park Plaza.
