MEMORANDUM

Date: October 11, 2017
To: Board of Directors
From: Suzanne Lindenfeld, District Secretary
Subject: Received Special District Leadership Foundation District Transparency Certificate of Excellence

RECOMMENDED ACTION

No action.

BACKGROUND

Since 2013, the California Special District Association's (CSDA) Special District Leadership Foundation has offered a District Transparency Certificate of Excellence for district's that qualify. The purpose of the certification is to promote transparency in the operations and governance of special districts to the public/constituents and provide special districts with an opportunity to showcase their efforts in transparency. The certification is good for two (2) years.

The District applied for and received this certification this year, for the third time. The application process includes an application and a checklist of the various items required. The checklist and certificate are attached.

Announcement and presentation of certificate was done at the CSDA Annual Conference in September 2017.

District Transparency Certificate of Excellence

August 2017– August 2019

This 1st day of August 2017

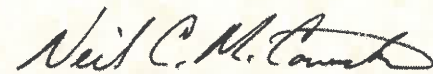

The Special District Leadership Foundation is proud to present this
District Transparency Certificate of Excellence to

Rancho Murieta Community Services District

In recognition of the district's completion of all transparency program requirements
designed to promote transparency in their operations and governance
to the public and other stakeholders.

David Aranda, SDLF Board President

Neil McCormick, SDLF Chief Executive Officer

Special District Leadership Foundation

The Special District Leadership Foundation (SDLF) was formed to provide certification, accreditation and recognition programs to special district elected officials and staff.

All SDLF programs are dedicated to promoting excellence in special district governance and operations throughout California.

None.

7. CONSENT CALENDAR

Motion/Clark to adopt the consent calendar. Second/Graf. Roll Call Vote: Ayes: Pecotich, Graf, Clark, Merchant. Noes: None. Absent: Pasek. Abstain: None.

8. STAFF REPORTS

Under Agenda Item 8A, President Pecotich stated that the new General Manager will interview and hire the new Security Chief.

Under Agenda Item 8B, Director Clark suggested listing the CIP fund separately in the report.

Under Agenda Item 8D Director Graf asked about the trash provision for the MS4 Permit. Paul Siebensohn, Director of Field Operations, stated that it is regarding drainage.

9. CORRESPONDENCE

Paul Siebensohn, Director of Field Operations, received a thank you note from resident Jeff Stanger.

10. CONSIDER ADOPTION OF RESOLUTIONS R2017-10 IN HONOR OF MICHAEL SCARZELLA, SECURITY PATROL SERGEANT

Motion/Merchant to adopt Resolution R2017-10 in honor of Michael Scarzella, Security Patrol Sergeant. **Second/Graf. Roll Call Vote; Ayes: Pecotich, Graf, Clark, Merchant. Noes: None. Absent: Pasek. Abstain: None.**

11. PRESENTATION FROM GREG VORSTER, GENERAL MANAGER, RANCHO MURIETA ASSOCIATION, REGARDING RANCHO MURIETA'S MASTER TRAIL PLAN

Greg Vorster, General Manager of Rancho Murieta Association (RMA) gave a presentation regarding the Rancho Murieta Master Trail Plan. The Trail Plan proposed by RMA incorporates 17.5 miles of natural dirt trails and 6.5 miles of paved off-street trails. The RMA proposed Master Trail Plan would replace Exhibit E from the Park Development Agreement. Since Rancho Murieta is a private community, the ADA requirements are not required. A question and answer period followed.

George Phillips, Attorney, Rancho Murieta North, stated that the community needs to provide input before moving forward with the trail plan.

President Pecotich thanked RMA and Rancho Murieta North for all the work done improving the trail plan from the original plan. President Pecotich feels clarification is needed regarding who can access the trails, security and security fees, construction responsibility, maintenance, trail specifications, easements, and type of trail needs to be defined. President Pecotich feels public input is very important.

Betty Ferraro commented on her concern that Murieta South is not being included in the trail plan.

Linda Kline stated that she agrees with the need for community input before going forward and that she feels that a "road trail" is not really a trail.

John Weatherford suggested RMA, the District, and Developers create a "checklist" of items to get community input. President Pecotich agreed.

Motion/Graf to create an ad hoc committee of two (2) representatives from the District, RMA, and developers to create a checklist. Richard Shanahan, District General Counsel, recommended that the committee consist of just two (2) Directors from the District that will work with the RMA and the developer regarding creating a checklist.

Amended Motion/Graf to create an ad hoc committee of two (2) Directors from the District to work with RMA and developers to create a checklist. Second/Clark. Ayes: Pecotich, Graf, Clark, Merchant. Noes: None. Absent: Pasek. Abstain: None.

By consensus, the Board agreed to appoint President Pecotich and Director Clark as the members of the ad hoc committee.

12. RECEIVE UPDATE ON LAGUNA JOAQUIN AND DETENTION BASINS

Edward R. Crouse, Interim General Manager, gave a brief update on efforts to clean up Laguna Joaquin. The District, RMA and developer representative have been meeting weekly to come up with a short-term fix and will continue meeting to develop a long-term fixes and maintenance agreements.

President Pecotich stated that he is very thankful and please that the District, RMA and developers were so quick to respond and work together. Once the current issue with Laguna Joaquin in taken care of, then the long-term fixes and maintenance for all the basins in the community need to be addressed equally.

Director Merchant suggested putting signs up directing people to wash their hands after contact with the water and/or fish.

Larry Shelton commented that the focus is on Laguna Joaquin due to the major fish kill.

Betty Ferraro suggested that the District and RMA notify the homeowners that will be affected by the work scheduled to be done at Laguna Joaquin. MTI should be included in the meetings.

John Folk thanks President Pecotich and Paul Siebensohn for all the work they have done regarding Lost Lake.

Steve Hadet stated that maintenance of Lost Lake needs to be increased.

Director Clark stated that funding for the drainage in the community comes from a tax, which is limited on how much of an increase is allowed each year.

13. WATER SUPPLY AUGMENTATION AND CAPITAL IMPROVEMENT FEE STUDY UPDATE AND ORDINANCE AMENDING COMMUNITY FACILITIES FEES – PRESENTATION BY COASTLAND ENGINEERING

Director Clark recused himself from this item due to a possible conflict of interest on advice of District Legal Counsel. Director Clark left the room.

Dane Schilling and Mark Fernandez, Coastland Engineering, gave a brief presentation on the Water Supply Augmentation and Capital Improvement Fee Study Update. Topics covered include prior efforts, existing fee account balances, Administration Capital Fee distribution, anticipated costs, adjusted balance summary, development summary, proposed projects, dual benefit projects, and proposed fees. A question and answer period followed.

John Sullivan asked what the final date is for submitting comments on the report. After a discussion, the Board agreed to allow Mr. Sullivan to submit his comments by the October 3, 2017 Improvements Committee meeting.

14. CONSIDER APPROVAL OF CONTRACT WITH D. MARTINEZ CONSTRUCTION FOR REPAIRS TO THE JAMES L. NOLLER SAFETY CENTER

Steve Mobley, Interim Security Chief, gave a brief summary of the recommendation to approve the proposal from D. Martinez for repairs to the James L. Noller Safety Center.

Motion/Clark to approve the proposal from D. Martinez Construction for repairs to the James L. Noller Safety Center in an amount not to exceed \$16,154 plus a ten percent (10%) contingency. Funding to come from Security Reserves. **Second/Merchant. Roll Call Vote; Ayes: Pecotich, Graf, Clark, Merchant. Noes: None. Absent: Pasek. Abstain: None.**

15. CONSIDER APPROVAL OF CONTRACT WITH MOTOROLA SOLUTIONS FOR THE PURCHASE OF MOTOROLA PORTABLE RADIOS FOR THE SECURITY DEPARTMENT

Steve Mobley, Interim Security Chief, gave a brief summary of the recommendation to approve the proposal from Motorola Solutions for five (5) new Motorola APX-1000 portable radios and their desktop charging stations.

Motion/Graf to approve the purchase of five (5) new Motorola APX-1000 portable radios and their desktop charging stations from Motorola Solutions, in an amount not to exceed \$12,376.27, including tax. Funding to come from the Security Replacement Reserves. **Second/Clark. Roll Call Vote; Ayes: Pecotich, Graf, Clark, Merchant. Noes: None. Absent: Pasek. Abstain: None.**

16. CONSIDER APPROVAL OF EMERGENCY WELL AGREEMENT AND EASEMENT

Motion/Pecotich to table this item. **Second/Merchant. Ayes: Pecotich, Graf, Clark, Merchant. Noes: None. Absent: Pasek. Abstain: None.**

17. CONSIDER ACCEPTANCE OF APPARENT LOW BID AND CONSIDER CONTRACT AWARD TO BRADLEY & SONS, INC., FOR THE EMERGENCY WELL PROJECT

Motion/Pecotich to table this item. **Second/Merchant. Ayes: Pecotich, Graf, Clark, Merchant. Noes: None. Absent: Pasek. Abstain: None.**

18. CONSIDER APPROVAL OF GENERAL MANAGER EMPLOYMENT AGREEMENT WITH MARK MARTIN

Motion/Pecotich to approve the proposed General Manager Employment Agreement with Mark Martin, effective September 30, 2017. **Second/Clark. Roll Call Vote; Ayes: Pecotich, Graf, Clark, Merchant. Noes: None. Absent: Pasek. Abstain: None.**

Edward R. Crouse, Interim General Manager, stated that the District is planning a Meet the New General Manager Open House for the beginning of October.

19. CONSIDER CONFERENCE/EDUCATION OPPORTUNITIES

Motion/Clark to approve Paul Siebensohn to attend the American Water Works Association (AWWA) Fall Conference in Reno Nevada. **Second/Merchant. Ayes: Pecotich, Graf, Clark, Merchant. Noes: None. Absent: Pasek. Abstain: None.**

20. REVIEW SEPTEMBER BOARD/COMMITTEE MEETING DATES/TIMES

No discussion.

21. DIRECTOR COMMENTS AND SUGGESTIONS

Paul Siebensohn, Director of Field Operations, stated a notice would be going out regarding work that is going to be done around Basin 5. The two (2) Plant Operators that went to the Conference in Las Vegas stated that they learned a lot and would be able to apply learned knowledge to our new water facility.

Eric Thompson, Controller, stated after reviewing the SMUD bills, the solar power appears to be saving the District about 90% on the electric bill.

Steve Mobley, Interim Security Chief, stated that job offers are out for a Patrol Officer and a Gate Officer. The ABDI live registration program rolled out over the weekend, earlier than planned. Residents seem to like it.

Director Merchant asked about the Security Assessment Report. Suzanne Lindenfeld, District Secretary, stated that Brandon Kehl had an unexpected death in the family and has been out of the office. He is planning to be back in on Friday and will get back to me on the status then.

Director Clark commented that funding for the drainage in the community comes from a tax, which is limited on how much of an increase is allowed each year. The only way to increase the amount is to go out to vote.

President Pecotich asked about the status of the Security Concerns meetings. Edward R. Crouse, Interim General Manager, stated that District staff would be meeting with RMA staff next week.

22. ADJOURNMENT

Motion/Clark to adjourn at 7:59 p.m. Second/Graf Ayes: Pecotich, Graf, Clark, and Merchant. Noes: None. Absent: Pasek. Abstain: None.

Respectfully submitted,

Suzanne Lindenfeld
District Secretary

MEMORANDUM

To: Board of Directors
From: Communication & Technology Committee Staff
Subject: October 2, 2017 Communication & Technology Committee Meeting Minutes

1. CALL TO ORDER

Director Pecotich called the meeting to order at 4:00 p.m. Present were Directors Pecotich and Merchant. Present from District staff were Mark Martin, General Manager; Paul Siebensohn, Director of Field Operations and Suzanne Lindenfeld, District Secretary.

2. COMMENTS FROM THE PUBLIC

None.

3. DISCUSS RESIDENT CUSTOMER SATISFACTION SURVEY

Director Pecotich gave a brief summary of the options available to develop customer service benchmarks both internal and external. After a discussion, the Committee agreed to hold off on the at this time and to go forward with developing internal benchmarks first.

4. DISCUSS EMERGENCY RESPONSE PLAN

After a brief discussion, the Committee agreed to have the District's General Manager, Mark Martin, contact Rancho Murieta Association's (RMA) General Manager, Greg Vorster, to discuss the CodeRED service the District currently has and RMA is looking to get.

5. DIRECTOR AND STAFF COMMENTS/SUGGESTIONS

Director Merchant suggested the staff create a video showing how to use the new program to update your visitor list.

6. ADJOURNMENT

The meeting was adjourned at 5:22 p.m.

3. MONTHLY UPDATES

CIA Ditch Project

The CIA ditch was shut down for approximately one (1) week to allow a repair to be made to the new headwall structure for the entrance of the ditch flow into a new pipe along the Murieta Gardens project. This was needed as flow from the ditch was seeping around the previous headwall and flowing along the gravel that was backfilled along the outside of the pipe. This new fix extended the headwalls outward into the side bank and below the headwall bottom to channel ditch flows more directly into the pipe. The ditch is back in service at approximately half flow to the Equestrian Center and Ranch.

The Greens Neighborhood Park

Work is continuing for the park installation. It appears that the work will be completed before the rainy season arrives. Staff will work with Ranch Murieta Association (RMA) on erosion protection to winterize the site.

Development

The Retreats East & North

The Developer has separated out the Retreats East project to make it a separate project to move forward while putting the Retreats North on hold. District contract engineer, Coastland Engineering, has reviewed and provided fairly minor comments back to the project's engineer on August 11, 2017. So far no response has been received.

The Murieta Gardens - Murieta Marketplace

The improvement plans have been completed and are being drafted up for Coastland's signature on behalf of the District. A schedule of the project has been requested.

The Murieta Gardens II – Subdivision

Paul Siebensohn reported that he met with the project engineer and Coastland to discuss the downstream impacts of the project on the sewer collection system and drainage system. As a result of the meeting he provided information for the Cantova sewer pumping station and the FAA stormwater pumping station to the project engineer.

Rancho Murieta North Development Project

Nothing new to report.

FAA Business Park

Nothing new to report.

Solar Power

Wastewater Treatment Plant Site

The site is active and producing power which supplies the wastewater facility, the administration office, and the Field Operations warehouse.

Water Treatment Plant Site

The interconnection between the solar arrays and the water plant switchgear was completed August 29, 2017. Solar City is still waiting for a sign off of the as-built plans for the project which then allows a request for the installation of a SMUD meter and approval letter from SMUD which should be forthcoming in the next few weeks. The permanent fencing for the project is up with the gates being completed this week.

Emergency Well Project

Proceeding with the construction of the well is on hold while the General Manager negotiates a use agreement with the landowner. In the meantime, Paul has contacted the low bidder for the project, Bradley & Sons, to confirm that they'll be able to hold their bid price through the end of September which they verbally confirmed. It is hopeful that the Regional Water Authority is able to get another extension to our grant for this project to extend the project until the end of June 2018.

Laguna Joaquin

District staff has been lowering the level of Laguna Joaquin, by opening the drain valve at the dam, to allow Rancho Murieta Association (RMA) staff and District staff to complete various cleanup projects.

4 Park Via Del Cerrito Drainage

Staff has begun removing the pipe on the discharge end of the culvert that runs under 4 Park Via Del Cerrito. Staff still needs to complete the sloping of the ditch, some additional compaction work, and place rock at the exit of the culvert to finish putting it back to its original design.

4. WATER SUPPLY AUGMENTATION AND CAPITAL IMPROVEMENT FEE STUDY

John Sullivan commented on his concerns regarding the allocation of projected costs for the Capital Improvement Fee update and for the overall Water Supply Augmentation Fee. After a discussion, the Committee directed staff and Coastland Engineering to review the list of concerns Mr. Sullivan provided to the Committee.

6. DIRECTORS & STAFF COMMENTS/SUGGESTIONS

None.

7. ADJOURNMENT

1. CALL TO ORDER

Director Pasek called the meeting to order at 9:38 a.m. Present were Directors Pasek and Merchant. Present from District staff were Mark Martin, General Manager; Edward R. Crouse, Interim Assistant General Manager; Steve Mobley, Interim Security Chief; Paul Siebensohn, Director of Field Operations; Eric Thompson, Controller; and Suzanne Lindenfeld, District Secretary.

2. COMMENTS FROM THE PUBLIC

None.

3. RECEIVE AUDIT UPDATE

Eric Thompson, Controller, gave a brief update. Larry Bain, CPA, our auditor, was out September 5 - 8, 2017 for fieldwork. He does not anticipate any more fieldwork as he feels he can call for additional information, if needed. His first take was it all looks well and everything ties out. He hopes to complete the draft audit in time for the November Finance Committee meeting, although the OPEB actuarial study may delay the audit completion.

4. RECEIVE OPEB/GASB 45 UPDATE

Eric Thompson gave a brief update on the audit. Based on an email from Joshua Clement with Nicolay Consulting, our GASB 45 valuation should be done by Friday October 13, 2017. This information has been conveyed to our Auditor who needs the information contained in the GASB 45 Valuation in order to finalize their audit work.

5. DIRECTORS & STAFF COMMENTS/SUGGESTIONS

No comments.

6. ADJOURNMENT

3. MONTHLY UPDATES

Operations

Currently there is one Security Patrol Officer and one (1) Security Chief position open. We hired a new Gate Officer and Patrol Officer this month. The Patrol Officer worked for us briefly as a Patrol Officer back in 2006, before leaving to join the US Army.

The District now has a program, **GATEACCESS.NET**, which allows residents to access/manage their own guest/visitor lists without having to call the Gate Officer. Residents so far have been very pleased with this new convenient and user-friendly program.

The District Board approved purchase of new portable radios and Safety Center repairs. The radios have been ordered and received. The Safety Center building repairs have begun.

The District's dog kennel/holding repairs have been completed. A newly donated Dogloo replaced the broken/destroyed doghouse and a new tarp (roof) replaced the rotted tarp.

Incidents of Note

Interim Chief Mobley gave brief overview of the incidents of note for September 2017.

RMA Citations/Admonishments

No discussion.

Rancho Murieta Association Compliance/Grievance/Safety Committee Meeting

No discussion.

Contract Security

Paladin Security has been unresponsive to our requests to discuss temporary fill-in gate officer positions during vacation and extended absences, to lessen overtime, as well as maintain a consistent back-up source.

We are considering a different private security firm, First Security, who has provided us with proposal. The training costs and hourly rate/compensation to be negotiated.

Security Concerns Meeting

On September 26, 2017 RMA and District staff met and discussed future HOA/gate access/citation routing and compliance issues related to current and future planned development. This was the second meeting and all topics were conceptual and exploratory only. The RMA is in the process of updating the Gate Access Policy. It was deemed to be a positive meeting and another staff level meeting is planned for next month.

Security Assessment Report

The Draft report will be sent over by the close of business today.

4. REVIEW PROPOSAL FOR SOUTH GATE CAMERA UPGRADE

Interim Chief Mobley gave a brief summary on the recommendation to approve the purchase of the new South Gate camera system with license plate recognition. **This item will be on the September 20, 2017 Board of Directors' Meeting Agenda.**

Once installed, staff will work with ABD to integrate both the north and south gate the camera systems into the ABDI system.

5. INCIDENT MAPPING DISCUSSION

Director Clark stated that the purpose for a mapping system is to track incidents/problem areas within the community. Interim Chief Mobley stated that at the current time, it is not cost effective but will look into systems for use in the future.

6. DIRECTOR & STAFF COMMENTS

Interim Chief Mobley will be on vacation from October 9 to 30, 2017.

7. ADJOURNMENT

The meeting adjourned at 4:34 p.m.

MEMORANDUM

Date: October 13, 2017
To: Board of Directors
From: Mark Martin, General Manager
Subject: General Manager's Report

EMPLOYEE RELATIONS

CalPERS health open enrollment ended October 6, 2017. During open enrollment, Debby was available to meet individually with employees to review coverage, insurance premiums and employer/employee cost sharing.

Ahead of September's Board Meeting, at the request of OE3, we provided represented employee salary and total compensation information as well as the current budget. To date, we have not heard back from OE3 as to when they would like to start negotiations. The current contract expires December 31, 2017.

Employee flu shots have been scheduled for the end of October.

There is still a Patrol Officer and a Chief position vacant. Security Chief applications are currently under review by the General Manager with interviews expected to be scheduled for week of October 30 – November 3, 2017.

IT/FINANCE

Larry Bain, CPA, our auditor, hopes to complete the draft audit in time for the November Finance Committee meeting.

The new server is in and the conversion is almost complete. The electronic records management system program(paperless initiative) has been installed and training has begun.

The IT Written Information Security Plan (WISP) update is under way with a meeting expected the week of October 23, 2017 to discuss decision points for policies related to the plan such as password changes, mobile device policies, etc. One of key purposes of the WISP is to establish document recovery and business continuation protocols.

Improvements have been accomplished to the District website including consolidating typical resident inquiry links to a menu named "How do I..."

SECURITY DEPARTMENT

Interim Security Chief Steve Mobley is scheduled to be out on vacation through October 27, 2017. Sergeant Jeff Werblun is covering the Chief's daily administrative duties and responding to communications and complaints. A new Gate Officer and Patrol Officer begin October 14, 2014.

Staff has received and begun review of the updated Administrative Draft Security Assessment Report, resulting from the recent re-interviews of stakeholders. Staff will return our internal comments for inclusion in

a final draft, which will then be presented to the Security Committee. Our best estimate for a final report is in December.

Safety center repairs continue and should be complete (or near so) by the Board meeting.

WATER SUPPLY AUGMENTATION AND CAPITAL IMPROVEMENT FEE STUDIES/REPORTS

At the September Board meeting, the Board received a presentation by Coastland and supplied comments on the final report and draft ordinance. During the meeting, developer John Sullivan commented on his general concerns about the report and requested additional time to provide comments shortly following the monthly Board meeting. The Board expressed their frustration at the delay but granted the extension of time if the comments were received in time for the monthly Improvements Committee meeting scheduled for October 3, 2017.

Mr. Sullivan submitted and discussed his comments at the October 3, 2017 Improvements Committee meeting. Staff directed Coastland to prepare a written response to Mr. Sullivan's comments. Staff met internally with Coastland to finalize the District's response and expects to meet with Mr. Sullivan along with Coastland to review the District's response early the week of October 23, 2017. It is expected that a final report with minor corrections, draft ordinance and the public hearing for first reading of the Ordinance will be done at the District's November 15, 2017 Board meeting.

PENDING AND PROPOSED LAND DEVELOPMENT PROJECTS

Rancho Murieta North – Development Project

Nothing new to report.

PASSIVE REC USE OF THE MURIETA GARDENS DRAINAGE BASIN

As reported last month, there has been no change. Interim Assistant General Manager, Edward R. Crouse, discussed with John Sullivan our desire to have a bullet point Memorandum of Understanding (MOU) for maintenance responsibilities as an initial step to define roles and financial obligations. The MOU should be forth coming, but no approvals until the Board has reviewed and approved the MOU.

MURIETA GARDENS

CIA Ditch pipeline flow was restored and has flowed regularly since September 18, 2017.

The District is reviewing easements for approval but is holding off on recordation until proper utility installation standards are met and accepted by the District.

LAGUNA JOAQUIN

After reducing water levels for maintenance and cleaning, Laguna Joaquin was completely refilled as of Thursday, October 12, 2017.

PUBLIC OUTREACH

Met with Rancho Murieta Association (RMA) General Manager, Greg Vorster on October 2, 2017. Met new Rancho Murieta Country Club (RMCC) General Manager, Rodney Muller at the District's Meet the New General Manager meet and greet on October 6, 2017. A meet and greet is scheduled with Supervisor Sue Frost for October 16, 2017, the Kiwanis Club on November 2, 2017, and Murieta Village on November 13, 2017. The plan is to continue initial outreach to stakeholder groups over the next number of months.

MEMORANDUM

Date: October 11, 2017
 To: Board of Directors
 From: Eric Thompson, Controller
 Subject: Administration / Financial Reports

Enclosed is a combined financial summary report for **September 2017**. Following are highlights from various internal financial reports. Please feel free to call me before the Board meeting regarding any questions you may have relating to these reports.

This information is provided to the Board to assist in answering possible questions regarding under or over-budget items. In addition, other items of interest are included.

Water Consumption – Year-to-date residential water usage was up 9.7% versus budget through September. Listed below are year-to-date water consumption numbers using weighted averages:

		Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
	12 month rolling % increase												
Residences	0.3%	2,539	2,539	2,539									
		Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun
	Weighted average												
Cubic Feet	2,819	2,920	2,844	2,695									
Gallons per day	703	728	709	672									
Planning Usage GPD	612												

Lock-Offs – During the month of September, there were 16 lock-offs.

Connection Fees – There were no new connection fees received in September.

Aging Report – Delinquent accounts totaled \$92,284 which was 14.1% of the total accounts receivable balance of \$653,475. Past due receivables increased 30.1% or \$21,354 from the prior month. This increase was related entirely to undeveloped property and not residential or commercial connections.

Summary of Reserve Accounts as of September 30, 2017 – The District’s reserve accounts began the year with a balance of \$5,344,437 and have increased \$140,050 during the first three months of the year. Other than normal inter-fund borrowing repayments, the following reimbursements to operations were made for capital items in September: \$900 from Administration Reserves for the installation of a new server; \$799 from Sewer Reserves for decals on the new Water/Sewer truck and progress on replacing/updating the HVAC at the WWTP; \$6,154 from Security Reserves for the first payment on repairs being made to the Safety Center; and \$12,465 from Water Augmentation for progress on our Recycled Water Program Report and updating documents for the emergency supply well. The total amount of reserves held by the District on September 30, 2017 was \$5,484,485. See the table on the following page for information by specific reserve account.

Financial Summary Report (year-to-date through September 30, 2017)

Revenues:

Water Charges, year-to-date, are **above** budget \$29,996 or 4.5%

Sewer Charges, year-to-date, are **below** budget \$2,974 or (0.9%)

Drainage Charges, year-to-date, are **below** budget \$518 or (1.0%)

Security Charges, year-to-date, are **below** budget \$2,472 or (0.7%)

Solid Waste Charges, year-to-date, are **above** budget \$1,204 or 0.7%

Total Revenue, which includes other income, property taxes, and interest income is **above** budget \$34,791 or 2.1%

Expenses: Year-to-date total operating expenses are **above** budget \$94,911 or 6.4%. There have been no operational reserve expenditures so far this year. Operational reserve expenditures cover projects funded from reserves which are also recorded as operational expenses through the income statement as required by Generally Accepted Accounting Principles (GAAP).

Water Expenses (*including wages and employer costs*) year-to-date, are **above** budget \$80,660 or 18.1%. The Water Department's expenses jumped again in September due to additional CIA Ditch expenses. These amounts will be billed back to the CIA later in the year, which will post revenues to help offset these expenses. Water Treatment experienced over-budget expenditures for purchased power, repairs & maintenance, and chemicals.

Sewer Expenses, year-to-date, are **above** budget by \$4,090 or 1.5%. The Sewer Department went from being under budget on expenses by 11.8% through August to being slightly over budget in September due to large WWTP repairs & maintenance expenditures. The largest of these expenses was for sludge removal from the treatment ponds.

Drainage Expenses, year-to-date, are **above** budget by \$16,456 or 49.2%. With only \$33K in expenditures budgeted year-to-date, overages in salaries & wages (\$9,467), employer costs (\$3,927), and chemicals (\$6,750) caused the Drainage Departments expenses to go from 28.0% over budget through August to 49.2% over through the end of September. These numbers should normalize as the fiscal year progresses.

Combined Water/Sewer/Drainage Wages & Employer Costs, year-to-date, are **below** budget by \$16,516 or (5.4%). These savings are offset by \$24,309 in contract staffing, which is used to help reduce the operational effects of position vacancies. Utility personnel at the District allocate their time between the Water, Sewer and Drainage departments as needed and as directed. This section is being reported to help gauge overall utility personnel expenses versus budget.

Security Expenses, year-to-date, are **below** budget by \$21,577 or (7.6%). Security Gate expenses are **above** budget by \$407 or 0.3% so far this year, with savings in wages and employer costs (due to vacancies) being partially offset by contract personnel costs. Security Patrol expenses are **below** budget by \$3,564 or (3.0%), with savings across most expense categories. General Security expenses are **below** budget by \$18,420 for the year, due primarily to the vacancy in the (permanent) Chief position.

Solid Waste Expenses, year-to-date, are **above** budget by \$536 or 0.4%. Solid waste revenues and expenses are driven by service requests from the community and are both slightly over budget through the end of September.

General Expenses, year-to-date, are **above budget by \$14,747 or 5.0%**. Savings in wages and employer costs due to the prior vacancy of the (permanent) GM position were more than offset by the costs of recruitment, legal expenses, consulting and training expenses.

Net Income: Year-to-date unadjusted net income, before depreciation, is \$151,963 versus a budget of \$212,083. Net income/(Loss) adjusted for estimated depreciation expense is (\$242,840). The full-year expected net operating income (loss) before depreciation, per the 2017-2018 budget is (\$181). Including inter-fund borrowing interest expenses the net operating loss is (\$8,873), as shown on the financial statements.

MEMORANDUM

Date: October 12, 2017
To: Security Committee
From: Steven Mobley, Interim Security Chief
Subject: Security Report for the Month of September 2017

UPDATES

Operations

Currently there is one Security Patrol Officer position open and one Security Chief position open. Recruitment is ongoing. Numerous applications have been received. We hired a new Gate Officer and Patrol Officer this month. The Patrol Officer worked for us briefly as a Patrol Officer back in 2006, before leaving to join the US Army.

The District now has a program, **GATEACCESS.NET**, which allows residents to access and manage their own guest/visitor lists without having to call the Gate Officer. Residents so far have been very pleased with this new convenient and user friendly program.

The District Board approved purchase of new portable radios and Safety Center repairs. The radios were ordered and building repairs have begun with goal of having the repairs completed by Thursday, October 5, 2017.

The District's dog kennel/holding center is in process of being rehabilitated. A newly donated Dogloo replaced broken/destroyed doghouse. A new tarp (roof) has been added to the top of the kennel to replace the rotted tarp.

Incidents of Note

Numerous snake sightings, removal, and relocation took place throughout the month. Security also removed a bat from a residence.

September 1 – Behind Country Store, there was a report of man swinging around a machete. Nobody injured. Sacramento Sheriff's Department (SSD) arrested him for being intoxicated.

September 8, 9 – Summerfest. No incidents. Off-Duty SSD and PDF Security worked the event.

September 13 – Burglary. A resident's son caught burglarizing neighbor's home. SSD handled.

September 16 - Power outage District-wide. Camera system at Murieta Village suffered damage. District Security assisted with directing traffic at the North Gate and Hwy 16 intersection.

September 17 – Vandalism / Niblick Court, four of resident's vehicle tires slashed over weekend. No suspects.

September 19 - Burglary / Villas, no forced entry, front / rear doors open, electronics taken, SSD to handle.

Rancho Murieta Association Compliance/Grievance/Safety Committee Meeting

The meeting was September 11, 2017. Several violation appeals were brought to the Committee for review. There was nothing of note to report. Violation reports/citations from District Security Officers are reportedly getting better and more useful to the Committee.

Contract Security

Paladin Security has been unresponsive to our requests to discuss temporary fill-in gate officer positions during vacation and extended absences, to lessen overtime, as well as maintain a consistent back-up source. We are considering a different private security firm, First Security, who has provided us with proposal. The training costs and hourly rate/compensation are still to be negotiated.

Security Concerns Meeting

On September 26, 2017 RMA and District staff met and discussed future HOA/gate access/citation routing and compliance issues related to current and future planned development. This was the second meeting and all topics were conceptual and exploratory only. The RMA is in the process of updating the Gate Access Policy. It was deemed to be a positive meeting and another staff level meeting is planned for next month.

Security Assessment Report

Staff is reviewing the draft report received on October 5, 2017.

INCIDENT MAPPING SOFTWARE

Staff will look into a mapping system that is cost effective for use in the future.

MEMORANDUM

Date: October 10, 2017
To: Board of Directors
From: Paul Siebensohn, Director of Field Operations
Subject: Water/Wastewater/Drainage Report

The following is information and projects staff has worked on since the last Board meeting.

WATER

Water Treatment Plant (WTP) #1 is set to run at 1.0 million gallons per day (mgd), averaging a production volume of 0.97 mgd and WTP #2 is set at 1.0 mgd, averaging 0.88 mgd production, for a total of 1.85 mgd average production. With the days becoming shorter and cooler, the demand is continuing to lessen.

WATER PLANT MAINTENANCE

WTP #2 sedimentation Basin Project will proceed in late November, once the necessary parts for repair have arrived from the manufacturer. The hydrochloric acid lines for WTP #1 membrane system have been replaced except for two small sections still needing to be completed.

The new Raw Water Screening System "A" was not functioning correctly. We called out the manufacturer to see what they could do under warranty. The circuit board and a valve controller for the system had water damage so we had to order new parts. We will install the parts as they come in and then test out the system prior to putting it back in service.

WATER SOURCE OF SUPPLY

On October 4, 2017, all raw water storage for Calero, Chesbro, and Clementia Reservoirs measured approximately 1,204.9 MG (3,698 AF) of which 1,041 MG (3,195 AF) is usable due to dead storage. For Calero and Chesbro Reservoirs alone, storage measured 923 MG (3,832.7 AF), or 873.6 MG (2,379.7 AF) usable. In September, there was no rainfall and evaporation was 6.84". Below is a graphical representation of the water storage reservoir levels this year to date.

WASTEWATER COLLECTION, TREATMENT, AND RECLAMATION

Influent wastewater flow averaged 0.364 million gallons a day, for a total of 11.27 MG, (34.6 AF). This is approximately 142 gpd per sewer connection. The secondary wastewater measured 17.1 MG (52.5 AF) as measured on October 11, 2017. In September, we supplied 22,917,000 (70.33 AF) gallons of recycled water to Rancho Murieta Country Club (RMCC) for their irrigation needs. No recycled water was sent to the Van Vleck Ranch.

The graph below shows where our secondary storage is compared to previous years, as measured on the first Wednesday of each month. We are on track to having adequate room in our secondary storage for the upcoming year's storms.

I contacted the Rancho Murieta Country Club to ask when they would like use to stop delivering recycled water so they may pump down their ponds in preparation for the upcoming wet weather season. They requested we stop delivery on October 12, 2017.

SEWER COLLECTION

Utility staff cleaned sewer lines around Carreta Lane and a known problematic area behind Lindero Lane for routine maintenance. During this cleaning they found large chunks of asphalt in the sewer collection lines on Carreta Lane, which they believed to be from the recent paving work that had been done in those areas.

DRAINAGE / STORMWATER

Staff has been very active in the drainage system cutting vegetation throughout the community, cleaning out the cement inlets to Laguna Joaquin, and again in the ditch along the Chesbro reservoir.

Staff is reviewing Main Lift South (MLS) stormwater pump repairs needed as a result of this past year's storms. Two (2) of the five (5) stormwater pumps will not turn and are more than likely jammed up from storm debris. Staff is working with vendors to get quotes to pull and evaluate them.

The State MS4 permit required trash provision filing was completed by the September 1, 2017 deadline with my selection of Track 2 for the District. Track 2 is that we will implement a trash collection system, although not a full one, but one that demonstrates how a full capture system equivalency will be met. By December 1, 2018 we will need to have an implementation plan for this in place.

We are continuing to look into better solutions to the water quality in Laguna Joaquin and the surface appearance of Basin 5. One possible solution is for an ultrasonic system for algae control, for which we are in the process of soliciting quotes.

WATER METERING AND UTILITY STAFF WORK

In September, nine (9) ¾" and three (3) 1" meters were replaced for maintenance. Two (2) plan reviews for the RMA Architectural Review Committee, forty-three (43) Utility Star reports, four (4) rebate inspections, and nine (9) underground service alerts (USAs) were completed. Utilities staff also repaired four (4) water leaks.

PROJECTS

CIA Ditch Project

The CIA ditch was shut down for approximately one week to allow a repair to the new headwall structure for the entrance of the ditch flow into a new pipe along the Murieta Gardens Project. This was needed as flow from the ditch was seeping around the previous headwall and flowing along the gravel that was backfilled along the outside of the pipe. This new fix extended the headwall outwards and downwards to channel ditch flows into the pipe. The ditch is currently in service at approximately half flow to the Equestrian Center and Ranch.

DEVELOPMENT

The Greens Neighborhood Park

No update. Work is continuing for the park installation and this phase looks to be completed well before the rainy season is here.

The Retreats East and North

No Update. The Developer separated out the Retreats East project to make it a separate project to move forward and put the Retreats North on hold. District contract engineer, Coastland Engineering, has reviewed and provided fairly minor comments back to the project's engineer on August 11, 2017. So far no response has been received.

The Murieta Gardens / Murieta Marketplace

The improvement plans have been completed and are being drafted up for the District's engineer's signature. A schedule has been requested of the project.

The Murieta Gardens II – Subdivision

I met with the project engineer and Coastland Engineering to discuss the downstream impacts of the project on the sewer collection system and drainage system. As a result of the meeting I provided information for the Cantova sewer pumping station and the FAA stormwater pumping station to the project engineer.

Rancho Murieta North Development Project

No new news on this project.

FAA Business Park

No new news has been provided on this project.

DISTRICT PROJECTS

Solar Power

Wastewater Treatment Plant Site

The site is active and is producing power which supplies the wastewater facility, the administration office, and the Field Operations warehouse. The online monitoring system is reporting the following for the month of September as shown in the following:

Water Treatment Plant Site

The permanent fencing for the project has been completed. All inspections have passed. The project is awaiting the metering installation from SMUD and then Solar City/Tesla can complete the final connections to make the site active.

EMERGENCY WELL PROJECT

No Update. Proceeding with the construction of the well is on hold while the General Manager negotiates a use agreement with the landowner. In the meantime, I have contacted the low bidder for the project, Bradley & Sons, to confirm that they'll be able to hold their bid price through the end of September which they verbally confirmed. It is hopeful that the Regional Water Authority is able to get another extension to our grant for this project to extend the project until the end of June 2018.

LAGUNA JOAQUIN

In coordination with the Rancho Murieta Association (RMA), District staff has been lowering the level of Laguna Joaquin, by opening the drain valve at the dam, to allow RMA and District staff to complete various cleanup projects around it. Below are photos of District staff cleaning up the drainage channel feeding the area to the RMAs pump station, near 19 Park Lago Drive. RMA also installed a maintenance boat ramp off the south end of the cart path by Lindero Lane and removed tules growing in the western inlet arm of Laguna.

Photo of Utility staff cleaning up inlet to Laguna Joaquin

4 PARK VIA DEL CERRITO DRAINAGE

Staff has removed the pipe on the discharge end of the culvert that runs under 4 Park Via Del Cerrito. We still need to complete the sloping of the ditch, some additional compaction work and place rock at the exit of the culvert to finish putting it back to its original design. *Photo of current work on the right.*

BASIN 5 (LOST LAKE)

Due to age and wear to the low flow and high flow outlets at Basin 5, this relatively deep drainage basin, in Murieta South which has a direct outflow to the Cosumnes River, will be lowered approximately three (3) feet in order to make necessary repairs. Work is intended to take place during typical business hours of Monday through Friday, 7:00 a.m. to 4:00 p.m., with the goal of being completed by November. A construction notification was posted on our website in regards to this project. We are also continuing to look at alternatives and additions to what is currently in place at Basin 5 to meet the requests of residents surrounding the basin. Staff spent several days skimming off the water fern on the basin as well as removing debris and cutting back vegetation.

MEMORANDUM

Date: October 13, 2017
To: Board of Directors
From: Mark Martin, General Manager
Subject: Discussion and Consideration Regarding Proposed Acquisition of Rancho Murieta Country Club Golf Course and Other Assets and Open Space and Trail Areas; Related Discussion and Consideration of Financing Options and District's Park and Recreation Powers and Objectives; Possible Board Action to Provide Direction Concerning Next Steps on Proposed Acquisition

RECOMMENDED ACTION

Discuss and provide direction to staff.

BACKGROUND

Directors Merchant and Pasek requested the District's Board discuss the merits of a potential acquisition by the District of the Rancho Murieta Country Club (RMCC) golf course and other assets and open space areas around/behind Calero, Chesbro, and Clementia Reservoirs, and ask the Board to provide direction on next steps related to the proposal.

The purchase would be enabled under the District's public recreation latent powers authorized by the District's enabling act. However, special districts must get approval from their Local Agency Formation Commission (LAFCo) before providing a latent power.

The proposed RMCC Club Golf Course purchase would involve purchasing all golf course property and facilities identified by the following parcels: 073-0190-006 through 073-0190-010, 073-0190-098, 073-0190-109, 073-790-047, 073-790-048, 073-790-035, and 073-790-009. These properties are currently owned by Murieta Club Properties, LLC.

The proposed open space purchase would involve the entirety or portions of three (3) large parcels that are currently identified as part of the Rancho Murieta North project: 073-0090-062, 073-0800-003, and a portion of 073-0790-023, largely including Villages D, E, F, G and H as described within the Rancho Murieta North project. These properties are currently owned by Murieta Lakeside Properties, LLC.

MEMORANDUM

Date: October 11, 2017
To: Board of Directors
From: Edward R. Crouse, Interim Assistant General Manager
Subject: Receive Parks Water Supply Augmentation and Capital Improvement Fee Summary

RECOMMENDED ACTION

Receive and file. Discussion and direction to staff.

BACKGROUND

Director Pasek requested a summary of the various Parks' obligations to pay their Water Supply Augmentation and Capital Improvement Fee. The attached summary presents the Parks envisioned by the Parks Agreements. Included in the summary are two (2) approaches to calculate each Park's EDU (equivalent dwelling unit) as well as past, current, and proposed fees.

Director Pasek's intent is to memorialize the Parks' obligations to pay but not to demand payment immediately. It is recognized past practice was to delay payment of the fees to allow park(s) construction to move forward despite limited financial resources. Payment of fees was anticipated to be made at the tail end of Parks construction, assuming construction cost accounting tracked fee payment obligations.

MEMORANDUM

Date: October 11, 2017
To: Board of Directors
From: Mark Martin, General Manager
Subject: Consider Approval of District Appointments

RECOMMENDED ACTION

Appoint Mark Martin as District Treasurer.

Appoint Mark Martin as Regional Water Authority Board member representative.

Appoint Mark Martin as Sacramento Central Groundwater Authority Board member representative.

Appoint Mark Martin as Designated Labor Negotiator.

Appoint Mark Martin as Real Property Negotiator.

BACKGROUND

District Treasurer

Since Edward R. Crouse will be leaving, it is recommended that the District appoint Mark Martin as the District Treasurer.

Regional Water Authority Board Member Representative

Since Edward R. Crouse will be leaving the District, the District it is recommended that Mark Martin be appointed to replace Mr. Crouse as the District's Board Representative on the Regional Water Authority Board.

Sacramento Central Groundwater Authority

Sacramento Central Groundwater Authority (SCGA) recently changed their JPA by-laws to allow for District staff members to be appointed as the SCGA Board representative. Previously, the District and a few other agencies were required to have elected officials appointed as the SCGA Board member. It is recommended that the District appoint Mark Martin as the District's Board Representative on the Sacramento Central Groundwater Authority.

Labor Negotiator

Since Edward R. Crouse will be leaving, it is recommended that the District appoint Mark Martin as the Designated Labor Negotiator.

Real Property Negotiator

Since Edward R. Crouse will be leaving, it is recommended that the District appoint Mark Martin as the Designated Real Property Negotiator.

MEMORANDUM

Date: October 12, 2017
To: Board of Directors
From: Steven Mobley, Interim Security Chief
Subject: Consider Approval of Proposal from WatchDogs Surveillance for South Gate Camera Up-Grade

RECOMMENDED ACTION

Approve the quote from WatchDogs Surveillance for the purchase of the new South Gate camera system with license plate recognition cameras, in an amount not to exceed \$23,100 including tax and a 10% contingency. Funding to come from Security Replacement Reserves.

BACKGROUND

The camera systems at the South Gate function, but are older and do not have the same capabilities as those at the North Gate. The North Gate camera system has a license plate reader that can capture and decode the license plate information into our database. The South Gate does not have this ability; the Gate Officers have to physically look at the rear license plate of the vehicle and record it manually. This consists of writing the plate number down and later entering it into the database. This is both time consuming and inefficient. These cameras/capture devices are important for accurately recording and documenting vehicles entering and exiting the community. Cameras will be located on visitor and both resident lanes, as well as exit lanes.

In addition, unlike the North Gate, the South Gate lacks broad range/overview surveillance camera coverage of entry and exit lanes. This proposal includes camera coverage for entry and exit lanes, consistent with the camera system at the North Gate.

Staff recommends approval of the quote from WatchDogs Surveillance as they installed the system at the North Gate, allowing similar quality cameras and capabilities at both gates.

Security Committee recommends approval.

Subject: Consider Approval of Safety Center Repair Cost Overrun

RECOMMENDED ACTION

Approve the invoice from D. Martinez Construction for additional costs in an amount of \$1,105 for the additional repairs to the Safety Center. Funding to come from Security Replacement Reserves.

BACKGROUND

At the September 20, 2017 Board of Directors Meeting, the Board approved the proposal from D. Martinez Construction for repairs to the Safety Center. Once the repair work began, the contractor discovered additional dry rot damage when he removed the visibly rotted wood. When the contractor pulled back the pressed board sheeting on the south side of the building, he exposed several completely rotted 2X4 wood studs. The studs must be removed and replaced in order to hang the new "real" wood full length sheeting now needed. Original bid was only for the bottom 3' of sheeting and no wood framing studs. Pictures depict the new full length sheeting installed and show new 2X4's and some of the discovered wood rot.

The additional damage had to be corrected prior to him completing the original work under contract. The additional labor and materials cost **\$2720** above his original bid amount of **\$16,154**. Including 10% contingency for incidentals, the Board will need to approve another **\$1,105** for the additional work, making the total bill for the work, **\$18,874**.

Contractor Adjusted Estimate \$18,874
Board Approved (incl 10%) \$17,769

Difference \$ 1,105

As of October 4, 2017, the Security Replacement Reserve balance is \$158,278.74

Staff recommends the approval of the additional cost to repair the Safety Center.

MEMORANDUM

Date: October 13, 2017
To: Board of Directors
From: Mark Martin, General Manager
Subject: Receive Update on Laguna Joaquin

RECOMMENDED ACTION

No action. Receive and file.

BACKGROUND

The District and Rancho Murieta Association (RMA) staff met on October 10, 2017 and discussed the status of the Laguna Joaquin cleanup. Staffs from both organizations were congratulatory of the cooperative teamwork to clean Laguna Joaquin. As of this week, Laguna Joaquin is filled and spilling. Attendees agreed that water quality and general appearance of the area around the lake have improved. Discussions ranged from future treatment strategies, to pros and cons of implementing and retaining foliage around the lake, to an educational discussion of the inflow/outflow mechanisms of the lake to help residents understand the role and complexities of Laguna Joaquin.

One concern brought by farmer representative John Sullivan was that Laguna Joaquin water, due to pesticides and chemical runoff, may not be acceptable as a water source for crops certified organic. Farmers have recently planted a portion of their crops as organic. Paul Siebensohn offered to have a sample of Laguna Joaquin water lab-tested to assess if contaminants impacting organic crop use are present.

Both staffs are scheduled to meet again October 27, 2017 to discuss the results of the water sample and potential additional short and long term measures for Laguna Joaquin, and how to include community and expert input.

As for the other detention basins, their current O&M and water quality and maintenance issues will be rolled into the Laguna Joaquin resident discussions.

Staff discussed how best to reach out to the community for input. The consensus was to develop water quality objectives, strategies, methods, and costs then present this information in an educational type manner to bring the community up to speed on the issues, and then seek their input.

MEMORANDUM

Date: October 13, 2017
To: Board of Directors
From: Mark Martin, General Manager
Subject: Discuss Long Range Plan for Detention Basins

RECOMMENDED ACTION

No action. Discussion and provide direction to staff as appropriate.

BACKGROUND

This agenda item was requested by Board President Pecotich in his interest for the District to work with Rancho Murieta Association (RMA) to develop a comprehensive detention basin and maintenance and operation plan.

As part of the District and RMA staff meeting on October 10, 2017 regarding Laguna Joaquin, District staff stressed the need for a comprehensive basin plan and cooperation between the parties. A copy of the 2001 Lake Management Plan for the main reservoirs was handed out by District staff as a potential model for a basin plan.

A strategy for a planning effort would be to identify all basins, ownership, current maintenance responsibilities, uses, and complexities of each. Complexities range from limitations on use of herbicides, to nature of immediate basin outflow receiving body, to specific challenges of maintaining each. From there, staff could define a plan to more comprehensively maintain the basins. The effort will parallel the similar efforts for Laguna Joaquin.

Since resources to accomplish the goals of the plan may be constrained to the extent maintenance budget and staff is available for such efforts, there would need to be a consensus between the District and RMA as to each organization's contribution of resources, both financial and staff, dedicated to accomplishing the goals of the plan.

At the recent Laguna Joaquin meeting, RMA provided cost information on their water quality maintenance costs for Lake Guadalupe.

For the Sacramento Local Agency Formation Commission
Term of Office: **January 1, 2018 to December 31, 2021**

Pursuant to the provisions of Section 56332 of the Government Code, the Executive Officer has determined that a meeting of the Special District Selection Committee for the purpose of selecting a Special District Commissioner [Office No. 7] and Alternate Special District Commissioner [Office No. 6 & 7] to serve on the Sacramento Local Agency Formation Commission is not feasible. Based on past experience, due to the size of the Special District Selection Committee, it has been difficult to establish a quorum. Therefore, the business of the Special District Selection Committee will be conducted in writing, as provided in the cited section code.

Please see the attached Ballot

Please select **one** candidate for Special District Commissioner.

AND

Please select **one** candidate for Alternate Special District Commissioner.

Please return the ballot to the LAFCo office no later than:

4:00 P.M. on WEDNESDAY, NOVEMBER 15, 2017 To be valid, selection of a candidate must be done by a majority vote of the governing board of an Independent Special District in an official meeting of that board and certified by the secretary or clerk of the board.

Any ballot received after the date specified above shall not be valid. The candidate who receives the most votes will be determined the winner outright. In the event of a tie, there will be a run-off selection held in the same format as the initial selection. The LAFCo Executive Officer will announce the results of the selection within seven days of the specified date.

If you have questions regarding selection procedures, please contact the Sacramento LAFCo Commission Clerk, Diane Thorpe, at (916) 874-6458.

Service to My Community

Cordova Recreation and Park District (Board Secretary)

2015-Present: Director

As a Cordova Recreation and Park District (CRPD) Board Member I am responsible for the budget and for setting policies that safeguard the vitality of the district. The five non-partisan members of the Board of Directors are elected to four-year terms by residents located within CRPD's boundaries. The elected board is held accountable to the following laws that govern public officials: The Brown Act, California Public Records Act, FPPC Reporting Requirements and biannual ethics training.

Specific functions and duties of my role as a Board Director are:

1. To perform its legal responsibility.
2. To set up by-laws, regulations and operation procedures
3. To select, employ, and if necessary, dismiss the District Administrator.
4. To control the operating budget, the financial plans and the insurance program.
5. To care and maintain property.
6. To be responsible for program.
7. To assure personnel policies.
8. To maintain good public relations.
9. To appoint, commission, supervise and receive reports from committees and the District Administrator.

BOARD MEMBERS RESPONSIBILITIES

1. Board members should understand the significance and importance of recreation in the community.
2. Board members should be aware of the relationship of the recreation services to other community services.
3. Board members should look objectively at their specific responsibility as board members and at local community recreation needs, and keep abreast of changing conditions, continuously reassessing their efforts and reasons for service.
4. Board members should have the courage to resist pressures of all types and insist upon high standards for their agencies, particularly in regard to competent, professional personnel.
5. Board members should be aware of their role as board members, acting in concert with their fellow board members without usurping the functions of the District Administrator.
