

## Rancho Murieta Reservoir Information and Education Ad Hoc Committee

This ad Hoc committee evolved from the Communication Committee and Board Director John Merchant's idea of educating the community residents about the purpose and use of our reservoirs-also known as Lake Clementina, Lake Calero and Lake Chesbro. John's proposal included signage at to be determined locations around the Reservoirs.

### Committee Purpose:

- To gather and review information relating to the health and quality of the Reservoir water.
- To use that information to educate our residents and their guests
- To re-evaluate and reinforce existing rules and restrictions.
- To determine any additional actions necessary to protect and improve the quality of our water.

### Results:

- Ad Hoc committees have a limited scope, time period and number of committee members (quorums). They are however, able to use other community members, groups and residents and when necessary may seek help from volunteer experts.
- The committee at the end of approximately 6 months will present a report to the full Board and General Manager. Any requests for actions on the results must be taken up with the full Board.
- The Committee will consist of :  
Paul Siebensohn-RMCS D Advisor and Secretary  
Linda Butler- Chairman and coordinator  
John Merchant- Signage and History  
Joanne Brandt- RMA Advisor
- Additional help and advice will be sought when necessary as the committee assumes their task.

### Topics:

- Signage-location/s, cost design etc. RMA signs in need of updating, Additional signage to include education on importance of protecting the community's source of supply for drinking water.

- Recreation and Reservoirs
  - Invasive Species
  - Body Contact-Humans and pets (water code)
  - Fishing an boats
- Wildlife, environmental factors, bacteria
- Chemicals
- Drainage
- Water Storage
- Flow and pumping
- Development
- History
- Safety
- Property ownership to and round reservoirs

Many of these topics are inter-related which will help to determine where we start and how we proceed.

Questions or comments please direct to the committee thru RMCS D e-mails. Contact the main office or check the Pipeline.
