Subject: Monthly Project Updates

PROJECTS

Development

The Retreats East and North

No new update.

Rancho Murieta North – Development Project

Coastland is still working on the reviews of the Water & Sewer studies. There has been no response back from the Developer yet on Coastland's review of the proposed drainage study.

I've conveyed the concerns of myself and my staff regarding the water system to Coastland. The Rio Oso potable supply tank, which currently supports homes in units three and four, and supplements the gravity system in high demand times, is proposed to expand its supply to outlying areas above the 220-foot elevation. More than likely there needs to be additional storage and booster systems to maintain adequate water supply and fire flow for the proposed North development, as we have seen significant drops in the tank's level in high summer demand times. More than likely a comprehensive water system analysis needs to be done with the submittal to ensure fire flows are available.

The Murieta Gardens – Highway 16 Off-Site Improvements

No update.

MG - Lot 4&5

With exceptionally nice weather in January, work continued on this project. Inspections were called for during installations of fire hydrants and water lines on both lots.

Fire hydrant installation on Lot 5 of Murieta Marketplace project

MG - Murieta Marketplace

No updated related to District infrastructure. Coastland has requested responses back regarding previously submitted comments for the landscape plans, as well as for the project to submit a Recycled Water application for the project.

MG -Lot 10 (PDF Office)

No update. Coastland engineering had provided back comments on their plan submittal with no comments back yet.

MG – Lot 11 (Gas Station/carwash)

No update. Coastland engineering had provided back comments on their plan submittal with no comments back yet.

The Murieta Gardens II – Infrastructure

No update. Project is reported as not being complete yet by Coastland engineering and the contractor has not called for a final punchlist yet either.

FAA Business Park

No update on this project.

Riverview

We provided a fire flow analysis for the developer's engineer at his request. They are working on developing a phase II of the project, which is to build approximately twenty-two homes on the north side of Rancho Murieta Country Club South Hole 8.

The Residences of Murieta Hills East

See separate memo. The new owner/developer of this lot has requested a lot of information but has yet to submit a development application to cover District costs for review.

District Projects

Water Plant #1 Effluent Pump replacements

The contractor has placed the order for the replacement pumps. The manufacturer noted 12-14 weeks before delivery. Once delivered the contractor will coordinate with us to schedule the work for replacement.

Water Rights Renewal

Wagner & Bosignore provided a draft Petition for Extension with several blanks in it for me to research, fill out, and send back to them for continued completion.

Recycled Water and Untreated Water Fee Study

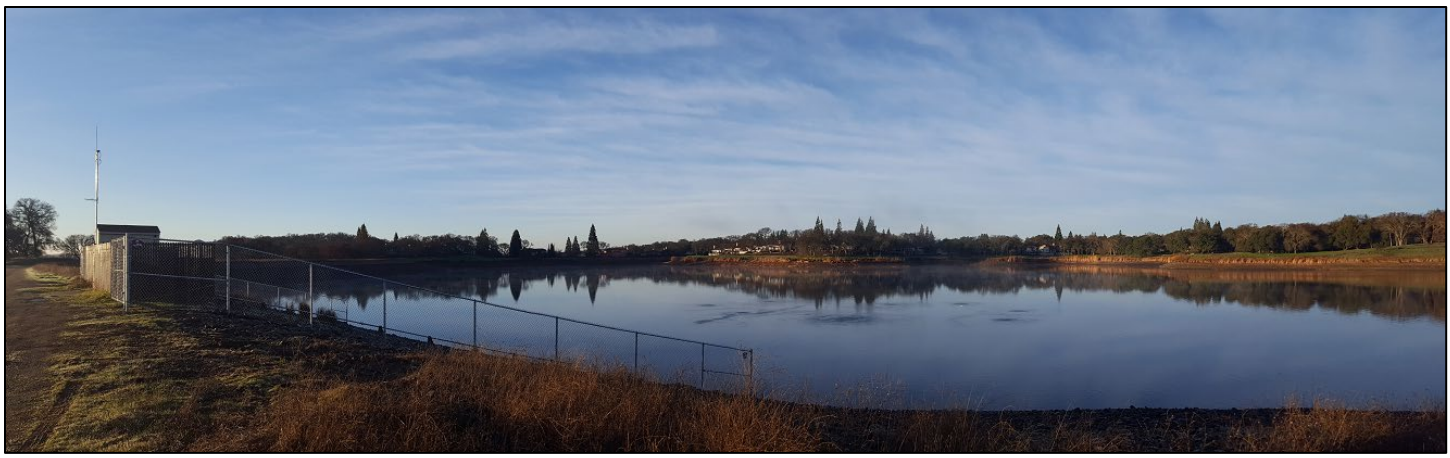
Mark Martin, Cindy Chao, Tom Henning and I met with Terry Madsen of ClearSource Financial Consulting on January 22. It was discussed that raw (untreated) water will be assigned a single rate which captures the District's expenses to provide it. He mentioned that it's a bit early for the District to adopt a recycled water rate. The reason is the recycled water rate needs to know what the fixed amount will be assigned to the Rancho Murieta Country Club, and what the expected development scenarios are, to figure an estimate of when recycled water will be available. Another a factor is if or when we capture stormwater into the secondary wastewater storage system to supplement recycled water supply, as proposed in CIP 20-05-1/2.

Chlorine Gas to Sodium Hypochlorite (bleach) conversion

The order for two Sodium Hydroxide tanks to be installed at the bulk chemical storage site have been requested and are awaiting submittals for review and approval before placing the final order. The same is happening for the two chemical feed skids. In the meantime, staff has removed the two old tanks and is preparing the area for acceptance of the new tanks. This includes extensive cleanup of old chemical lines, repair of cracked concrete, tapping into potable water to create a water fill for tank dilution, and the forming of an additional secondary containment wall. They are also working to expand a chemical feed trench onsite to easily route and maintain chemical feed lines. The photo below shows the tanks removed and work mentioned previously.

Chesbro Aeration Fencing

The fencing has been installed. We have been waiting over a month now for the delivery of the buoys that have been ordered to go around the aeration system which surrounds the water plant's intake. To reinforce the need for the buoys, staff found a boat anchor caught up in one of the aeration lines which had yanked an aeration pod onto its side, causing the lake bottom to get stirred up. They re-set the aeration pods which had been moved.



Dam Inundation Mapping and Emergency Action Plans

No update.

MEMORANDUM

Date: January 28, 2020

To: Improvements Committee

From: Paul Siebensohn, Director of Field Operations

Subject: Consider Approval of bid for two sewer replacement pumps at Main Lift South Sewer Pump Station

---

RECOMMENDED ACTION

Approve bid cost for two (2) sewer pumps from Muniquip for $xxxxxx plus a 15% contingency, a total of $xxxxxx. Funding to come from Sewer Capital Replacement Reserves.

BACKGROUND

The Main Lift South sewer pump station serves the entire South community. There are two 20-hp Wemco-Hidrostal submersible screw centrifugal sewage pumps in service at the Main Lift South sewer pump station, and a spare kept as a backup. The pumps were originally purchased around 1991, are 28 years old, and have been rebuilt several times. Two of the pumps, the one in service and now the spare, are in need of replacement. The quote for their replacement will be provided at the Improvements Committee Meeting February 4, 2020.

Sewer Capital Replacement reserves are at $3,035,207.

MEMORANDUM

Date: 1/29/2020

To: Improvements Committee

From: Paul Siebensohn, Director of Field Operations

Subject: Consider approval of bid for Bobcat Tractor replacement

---

RECOMMMENDATION:

Approve proposal from Valley Truck & Tractor Inc. in an amount not to exceed $72,247.02. Capital Replacement Project #08-07-1, funding to come from Water and Sewer replacement reserves.

DISCUSSION:

A capital replacement project was approved at an estimate of $65,000 to replace our 1993 90hp Bobcat loader model 2410, which has become cost ineffective to repair and maintain. We solicited costs for similar type loaders from three area tractor dealers, and requested that they include a cost option for a flail mower, which would be heavily utilized for weed abatement, and have cabs with AC. With OSHAs newer requirement for Heat Illness protection, having a cab with AC is helpful to meet the standard. Two bids were received, with the lowest from Valley Truck & Tractor Inc. Bids are attached for review and discussion.

Water Capital replacement reserves are at $1,730,574.
Sewer Capital Replacement reserves are at $3,035,207.

PowerGard Protection Proposal Prepared for:

Customer Name - Please Print

Customer Signature

I have been offered this extended warranty and

☐ **I ACCEPT** the PowerGard Protection

☑ **I DECLINE** the PowerGard Protection

If declined, I fully understand that my equipment listed above is not covered for repair expenses due to component failures beyond the original basic warranty period provided by John Deere.

Note : This is **not** a contract. For specific PowerGard Protection coverage terms and conditions, please refer to the actual PowerGard Protection Plan contract for more information and the terms, conditions and limitations of the agreement.

What PowerGard Protection is :

The PowerGard Protection Plan is an **extended warranty** program for reimbursement on parts and labour for covered components that fail due to faulty material or original workmanship that occur beyond the John Deere Basic Warranty coverage period. The agreement is between Deere & Company and the owners of select John Deere Commercial and Agricultural equipment, who purchase the PowerGard Plans for the desired coverage as indicated in this proposal.

What PowerGard Protection is not :

PowerGard Protection is **not insurance**.It also does not cover routine maintainance or high wear items,or insurance-related risks/perils such as collision, overturn, vandalism, wind, fire, hail, etc. It does not cover loss of income or loss of value of crops during or after an equipment failure. See the actual product-specific PowerGard Protection Plan agreement for a complete listing of covered components, and limitations and conditions under the program.

Features/Benefits:

PowerGard protection include the following features and benefits under the program :

- Pays for parts and labour costs incurred on failed covered components (less any applicable deductibles),
- Does not require pre-approval before repairs are made by the authorized John Deere dealership,
- Payments are reimbursed directly to the dealership with no prepayment required by the contract holder.
- PowerGard Protection agreements ensure that only Genuine John Deere Parts are used in all repairs,
- PowerGard coverage is fully transferable to future owners, with no transfer fees when coverage remains,
- PowerGard ensures higher resale value and makes equipment more marketable during the sale or trade-in,
- PowerGard allows you to budget your total cost of ownership, with financing available through John Deere Credit or other sources,
- PowerGard helps prevent large,unexpected repair bills during later years of equipment ownership,in exchange for a smaller protection fee up front.

D. Internet or other similar network activity.	Browsing history, search history, information on a consumer's interaction with a website, IP address, application, and advertisement. Statistical utilization, transmission, access methods and sources, and preference information that is collected by cookies, web beacons, or other similar device based collection technologies. This may include any search that led you to our website, your connection speed or type, and your browser or device information. Some personal information included in this category may overlap with other categories.	YES
E. Geolocation data.	Physical location or movements of equipment, fuel usage, number of engine hours, diagnostic data, software and hardware version numbers.	YES

F. Machine Data.	Machine data is generated by, collected by or stored on your equipment, and may be provided directly through such equipment, hardware or device or indirectly when reported to us by a third party.	YES
G. Financial Data	We may assist you in applying for financing with certain third parties or engage in direct financing with you. We may, with written consent from you, obtain a consumer credit profile. We may report information about your account to credit bureaus. Late payments, missed payments or other defaults on your account may be reflected on your credit report. If necessary to collect a debt we will also share your information with our company lawyer and/or collection agency.	YES
H. Agronomic Data	Agronomic information including: plant, chemical and fertilizer rates, recorded yields, soil types, moisture levels and similar crop or field based information. Some personal information included in this category may overlap with other categories.	YES

We obtain the categories of personal information listed above from the following categories of sources:

- Directly from our clients or their agents. For example, from documents that our clients provide to us related to the services for which they engage us.
- Indirectly from our clients or their agents. For example, through information we collect from our clients in the course of providing services to them.
- Directly and indirectly from activity on our website (www.valleytruckandtractor.com). For example, from submissions through our website portal or website usage details collected automatically.
- From third-parties that interact with us in connection with the services we perform. For example, JD Link™ Telematics system for John Deere Equipment.

Use of Personal Information

We may use or disclose the personal information we collect for one or more of the following business purposes:

- To fulfill or meet the reason for which the information is provided. For example, if you provide us with personal information in order for us to create and account or invoice you for services rendered we will use the information provided to do so and share with appropriate departments.
- To provide you with information, products or services that you request from us.
- To provide you with email alerts, event registrations and other notices concerning our products or services, or events or news, that may be of interest to you.
- To carry out our obligations and enforce our rights arising from any contracts entered into between you and us, including for billing, collections, JD Link and warranties.
- To improve our website and present its contents to you.
- For testing, research, analysis, product development and marketing.
- As necessary or appropriate to protect the rights, property or safety of us, our clients or others.

- To respond to law enforcement requests and as required by applicable law, court order, or governmental regulations.
- As described to you when collecting your personal information or as otherwise set forth in the CCPA.
- To evaluate or conduct a merger, divestiture, restructuring, reorganization, dissolution, or other sale or transfer of some or all of our assets, whether as a going concern or as part of bankruptcy, liquidation, or similar proceeding, in which personal information held by us is among the assets transferred.

We will not collect additional categories of personal information or use the personal information we collected for materially different, unrelated, or incompatible purposes without providing you notice.

Sharing Personal Information

We may disclose your personal information to a third party for a business purpose. When we disclose personal information for a business purpose, we enter a contract that describes the purpose and requires the recipient to both keep that personal information confidential and not use it for any purpose except performing the contract.

In the preceding twelve (12) months, we have disclosed the following categories of personal information for a business purpose:

Category A:
Category B:
Category C:
Category D:
Category E:
Category F:
Category G:
Category H:

We disclose your personal information for a business purpose to the following categories of third parties:

- Our affiliates.
- Service providers.
- Third parties to whom you or your agents authorize us to disclose your personal information in connection with products or services we provide to you.

In the preceding twelve (12) months, we have not sold any personal information.

Your Rights and Choices

The CCPA provides consumers (California residents) with specific rights regarding their personal information. This section describes your CCPA rights and instructions on how to exercise those rights.

Access to Specific Information and Data Portability Rights

You have the right to request that we disclose certain information to you about our collection and use of your personal information over the past 12 months. You may make this request twice in a 12 month period. Once we receive and confirm your verifiable consumer request, we will disclose to you:

- The categories of personal information we collected about you.
- The categories of sources for the personal information we collected about you.
- Our business or commercial purpose for collecting or selling that personal information.
- The categories of third parties with whom we share that personal information.
- The specific pieces of personal information we collected about you (also called a data portability request).
- If we sold or disclosed your personal information for a business purpose, two separate lists disclosing:
    - sales, identifying the personal information categories that each category of recipient purchased; and
    - disclosures for a business purpose, identifying the personal information categories that each category of recipient obtained.

Deletion Request Rights

You have the right to request that we delete any of your personal information that we collected from you and retained, subject to certain exceptions. Once we receive and confirm your verifiable consumer request, we will delete (and direct our service providers to delete) your personal information from our records, unless an exception applies.

Known exceptions are:

- information that is retained or shared between us and the manufacturer for the purpose of effectuating a repair covered by a warranty or recall.
- personal information necessary for us to maintain in order to fulfill the terms of a written warranty or product recall

We may deny your deletion request if retaining the information is necessary for us or our service providers to:

1. Complete the transaction for which we collected the personal information, provide a good or service that you requested, take actions reasonably anticipated within the context of our ongoing business relationship with you, or otherwise perform our contract with you.
2. Detect security incidents, protect against malicious, deceptive, fraudulent, or illegal activity, or prosecute those responsible for such activities.
3. Debug products to identify and repair errors that impair existing intended functionality.
4. Exercise free speech, ensure the right of another consumer to exercise their free speech rights, or exercise another right provided for by law.
5. Comply with the California Electronic Communications Privacy Act (Cal. Penal Code § 1546 *seq.*).
6. Enable solely internal uses that are reasonably aligned with consumer expectations based on your relationship with us.
7. Comply with a legal obligation.
8. Make other internal and lawful uses of that information that are compatible with the context in which you provided it.

Exercising Access, Data Portability, and Deletion Rights

To exercise the access, data portability, and deletion rights described above, please submit a verifiable consumer request to us by either:

- Calling us at 530-399-0340
- Visiting www.valleytruckandtractor.com
- Emailing your request to Privacy@vttco.net

Only you or an authorized agent registered with the California Secretary of State that you authorize to act on your behalf, may make a verifiable consumer request related to your personal information. You may also make a verifiable consumer request on behalf of your minor child.

You may only make a verifiable consumer request for access or data portability twice within a 12-month period. The verifiable consumer request must:

- Provide sufficient information that allows us to reasonably verify you are the person about whom we collected personal information or an authorized representative.
- Describe your request with sufficient detail that allows us to properly understand, evaluate, and respond to it.

We cannot respond to your request or provide you with personal information if we cannot verify your identity or authority to make the request and confirm the personal information relates to you. Making a verifiable consumer request does not require you to create an account with us. We will only use personal information provided in a verifiable consumer request to verify the requestor's identity or authority to make the request.

("**Authorized agent**" means a natural person or a business entity **registered** with the Secretary of State that a consumer has **authorized** to act on their behalf subject to the requirements set forth in section 999.326.)

Response Timing and Format

We endeavor to respond to a verifiable consumer request within forty five (45) days of its receipt. If we require more time (up to 90 days), we will inform you of the reason and extension period in writing. If you have an account with us, we will deliver our written response to that account if possible. If you do not have an account with us, we will deliver our written response by mail or electronically, based on the information provided to us when you submitted your consumer request. Any disclosures we provide will only cover the 12-month period preceding the verifiable consumer request's receipt. The response we provide will also explain the reasons we cannot comply with a request, if applicable. For data portability requests, we will select a format to provide your personal information that is readily useable and should allow you to transmit the information from one entity to another entity without hindrance.

We do not charge a fee to process or respond to your verifiable consumer request unless it is excessive, repetitive, or unfounded. If we determine that the request warrants a fee, we will tell you why we made that decision and provide you with a cost estimate before completing your request.

Non-Discrimination

We will not discriminate against you for exercising any of your CCPA rights. Unless permitted by the CCPA, we will not:

- Deny you goods or services.
- Charge you different prices or rates for goods or services, including through granting discounts or other benefits, or imposing penalties.
- Provide you a different level or quality of goods or services.
- Suggest that you may receive a different price or rate for goods or services or a different level or quality of goods or services.

Changes to Our Privacy Notice

We reserve the right to amend this privacy notice at our discretion and at any time. When we make changes to this privacy notice, we will notify you by email or through a notice on our website homepage.
