MEMORANDUM

Date: June 28, 2020
To: Security Committee
From: Tina Talamantes, Interim Security Chief
Subject: Security Update Report for the Month of June

OPERATIONS UPDATES

The Department is currently working on the following projects:

- ABA Protection Inc meeting June 24, 2021: Provided a tour of the District to the new contract security provider. Training begins July 1, 2021. They will also be present for the July 4th event.
- Recruitment for the Security Supervisor: (see Agenda Item 2)
- Summer Events Planning/Extra staffing: SSD is on hireback on Fridays until further notice (eve hours); responds to District calls and provides patrol services
- July 4th event: Finalized Incident Action Plan to have a formal written plan of the District's responsibilities and duties for the day. The main objectives are to protect District property, access control, traffic control, compliance reporting, and observe/report. All staff are working overlapping shifts. SSD Hireback.
- Patrol non-covered shifts: 50 hours total due to contract security being unavailable and other staff emergencies.
- North Gate: Olaf from Watchdog Security replaced 3 intercom cameras and 2 new LPRs were installed to cover the sidewalk and bike lane (project complete); a new 24 port switch was installed to speed up camera processing and reduce lag; a PO has been requested for Olaf to install PoE extenders for the cameras/internet; A&D Gates to repair Lago gate – scheduled to be done this next week; far resident lane sensor was adjusted
- South Gate Update: Olaf from Watchdog Security completed the installation of a new camera power system with new electrical lines and feed cables; A&D Gates attempted to install the new gate arm; however, an incorrect part was received (the part is on order).

Rancho Murieta Association activity:

We continue to work with the RMA Leadership on a regular basis. Our focus is to improve our level of service and have positive contacts with residents. If there are incidents where there is a safety concern, they notify Security Dispatch to call the Sacramento Sheriff's Department. The following list is the current focus of our meetings.

- General non-architectural enforcement
- Stop Sign enforcement – enforcement missions conducted each week; other violations issued during regular patrol
- Speed enforcement –enforcement missions conducted each week during the daytime hours only; other violations issued during regular patrol
- Cameras at Lakes: RMA approved camera installations at the Lakes. RMA Maintenance to install poles for camera setup. Watchdog Security will install the cameras and is awaiting power/internet to the Lake areas. Project in progress.
- RMA July 4th Fireworks and Parade: RMA approved the annual Fireworks celebration and Parade for 2021. We have requested SSD Hireback for two (2) shifts, with a total of six (6) Deputies for the event (subject to sign-ups). Currently we have two SSD Deputies signed up. Requested Valor Security to provide additional patrol. Main objectives are traffic/access control and exterior security patrol.

Murieta Village activity:

- Regular patrol activity

Rancho Murieta Commercial Owners Association activity:

- Regular patrol activity
- Businesses notified of the July 4th Event and increased traffic/customer activity

INFORMATIONAL BULLETIN

June 25, 2021

On June 24, 2021, in the early morning hours, District staff received an alarm of low levels in the water tanks at the Water Treatment Plant. Staff responded and found a fire hydrant had been sheared off along the utility access road next to Lake Clementia. This caused the water plant tanks to begin draining. Vehicle parts were found at the scene, which matches a gray 2013-2016 Ford Fusion. Upon further investigation, there were two W/M/A 20s in the area asking a resident for help with their vehicle in the area close to the incident the previous evening (however, no assistance was provided and no vehicle was actually observed).

We are requesting anyone who may have information on this investigation or the identity of the subjects and/or vehicle to contact the RMCS D Security Department at (916) 354-3700 (including anonymously).

SEE THE ATTACHED PHOTO OF A SAMPLE 2013-2016 FORD FUSION.

INCIDENTS OF NOTE

JUNE 1-30, 2020

June 4, 2021: RMA Violation/SSD

Clementia Park: Patrol observed a golf cart enter the area after hours. They were advised to leave but the occupants refused and proceeded to use profanity at the officer, and advise him he was only Security, so they did not have to do what he told them. SSD was on-duty and responded. The subjects left the area. One of our Gate Officers was able to ID the subjects and a violation was issued.

June 21, 2021: Arrest

Stonehouse Rd – Patrol responded to a report of several vehicles blocking Stonehouse Rd, near the RMA Maintenance yard. A local rancher was in the middle of the road, with obvious signs of intoxication of drugs and/or alcohol, presenting a danger to the public. Patrol attempted to prevent the driver from leaving by shutting off the vehicle; however, the subject began to drive away. CHP also responded to the call and they located the subject on Latrobe Rd. He was taken into custody and booked for DUI and other charges. The Patrol employee had minor injuries from the incident.

June 23-24, 2021: Accident/Fire hydrant collision

The District Water Department received an alarm at the Water Treatment Plant (WTP) for low tank levels. Water Department personnel discovered that a fire hydrant on the utility access road had been struck and water was being drained from the WTP. Vehicle parts were located at the scene. Sgt. Tompkins researched and called Ford, and found the parts belong to a grey 2013-2016 Ford Fusion. A resident called in regards to the Informational Bulletin with information on a possible matching vehicle driving recklessly in the area of Clementia Lake/swim beach prior to the accident. Video of several District and RMA cameras were reviewed by Security personnel (only two of the cameras at the lake were operable/working). We were not able to find a Ford Fusion or similar car driving recklessly on the working cameras/video footage. See below results of water loss:

Rio Oso Tank: 700,400 gallons

Van Vleck Tank: 1,542,000 gallons

Rio Oso Tank transmission line: 35,937 gallons

Van Vleck Tank transmission line: 128,712 gallons

Total Loss: 2,407,049 gallons

X2 to replace: 2,407,049 gallons

Total Loss and Replacement: 4,814,098 gallons

June 24-25, 2021: Golf Cart Theft

RMCC – A resident reported rumors of a golf cart theft. District personnel contacted RMCC staff and found two golf carts were stolen. Both were recovered by RMCC staff, one in nearby bushes and the other in the RMA Maintenance pond. The Point Of Entry was through a hole cut in the fence. Security personnel and SSD were not notified of the incident when it occurred.

		<p>Patrol, Sgt Tompkins, responded to the report of a vehicle blocking Stonehouse Road. While in route dispatch updated patrol stating that a subject was on foot blocking traffic. Upon my arrival I Officer Tompkins, observed a white Chevy pick up truck, sitting in the middle of Latrobe Road and the driver was in front of the truck yelling at traffic. As I exited my vehicle the subject turned and was very unsteady on his feet then ran to his truck and entered the driver door. The subject was told to not move but put the truck in gear and patrol reached him to shut</p>

off the engine. The subject manage to get the truck in gear and started moving forward while turning the steering wheel trapping patrol's hand in the steering wheel. The truck drug patrol approximately 6 feet before freeing his hand. The subject took off towards Jackson Highway. S1 entered his truck and started driving in that direction to identify where the subject may have gone. The subject was seen sitting in the parking lot of the AT&T building on the corner of Jackson. When the subject saw Patrol pull up he took off westbound on Jackson highway. CSD patrol Officer V. Perepelka was sitting on the corner of Latrobe and Stonehouse Road. CHP arrived at our location and was updated. Subject was then seen turning into his driveway just west of our location, contact was made with subject at which time he began yelling screaming rambling incoherently at all three officers. He was repeatedly asked to step out of the horse corral so that we could discuss the issues at hand. The subject became even more belligerent than turning taking off across the field. All three officers entered the corral headed towards his direction. Perepelka caught up to the subject before Sergeant Tompkins just behind the subject started losing his balance and fell face first onto the ground and Perepelka grabbed him to restrain him. The subject was searched for weapons and eventually placed into the backseat of the CHP car. CHP advised CSD that prior to our contact the subject had struck several vehicles then fled the scene.

<p>6/25/2021 8:23:57 AM 21-06-0228</p>	<p>VANDALISM/XXXXX LAGO DRIVE 5 PARK(N/A) Tompkins</p>	<p>On June 23 approximately 21:00 hours, a fire hydrant was struck in the north back area. The vehicle sheared off a fire hydrant causing the loss of approximately 4,000,000 gallons of drinking water. The vehicle left several parts behind which were identified to be from a Ford product. Video revealed a Ford ranger pick up entering and leaving the area at the approximate time of the incident. CSD patrol contacted the owner of that pick up who stated while fishing two male adults approximately 20 years old walked up to him from the direction of the damaged hydrant. The witness was not aware of the hydrant at the time but the two white males said that they had a problem with their car and were requesting help. The witness did not see the vehicle for identification but could identify the two males. A report was filed with the sheriffs department and they will be updated on the findings as we go.</p>
		<p>On June 23, 2021 at approximately 2100 a fire hydrant belonging to CSD was struck by an unknown vehicle. The incident caused a major loss of drinking water and the shut down of the water treatment plant. When CSD Water discovered the broken hydrant the vehicle was gone from The scene. The vehicle left several car body parts behind. CSD patrol video review of the CHESBRO aeration station cameras and observed a Ford ranger pick up entering the area then leaving approximately 30 to 40 minutes later. That truck was observed by a water department employee the following morning.</p>

The damage on the truck was not consistent with the damage that would be inflicted from striking A bollard and hydrant. CSD patrol took those parts and with the help of Ford the parts were identified as coming off a 2013 to 2016 Ford fusion. Patrol performed Further extensive video review throughout the night into the morning of the 24th. No other vehicle was seen in that area except CSD water vehicles heading to the water treatment plant. The owner of the Ford ranger stated that while fishing two 19 or 20-year-old male adults approached him asking if he could help them with their vehicle. He declined help to them and they walked off in the direction of the damaged hydrant. CHP was contacted but wouldn't respond or do a report because it happened on private property.
