MEMORANDUM

Date: January 31, 2020
To: Security Committee
From: Tina Talamantes, Interim Security Chief
Subject: Security Update Report for the Month of January

OPERATIONS UPDATES

The Department is currently working on the following projects:

- Additional PDF Staff to support Security Gate & Patrol until vacancies are filled
- Continuing Recruitment for Gate and Patrol Officers: interviewing applicants; placing recruitment ads
- Still outfitting the Ford Ranger for use in Patrol – at shop for installation
- Completing an upgrade to the District's Patrol Body Camera program/Patrol Eyes – setting up tech side/server; new cameras now deployed
- RMA Cites Issued Summary
- Denied Entries report
- Gate Entries Full report
- Patrol Calls for Service report
- Reinstating program for issuing County citations for parking, handicap and fire zone violations: Meeting to be rescheduled with SSD for updates on county citations and fees schedule
- Policy Reviews: Body Worn Cameras (BWC) (see agenda item)
- Security Services Opinion Poll Proposals (see agenda item)

Rancho Murieta Association activity:

We continue to work with the RMA Leadership on a regular basis. Our focus is to improve our level of service while attempting to live within the budget as much as possible. We have stressed with our Gate and Patrol Officers the need to follow their training and to stay safe. If there are incidents where there is a safety concern, they notify Security Dispatch to call the Sacramento Sheriff's Department. The following list is the current focus of our meetings.

- General calls for service
- General non-architectural enforcement
- Stop Sign enforcement – 1 enforcement mission conducted per week; other citations issued during regular patrol
- Speed enforcement – 3 enforcement missions conducted per week during the daytime hours only; other citations issued during regular patrol

Murieta Village activity:

- Village entry cameras: Currently in installation process by Watchdog Security. Paul Siebensohn, Director of Field Operations, is overseeing the project.
- Regular patrol activity

Rancho Murieta Commercial Owners Association activity:

- Installing two surveillance cameras on Murieta Drive: Currently in installation process by Watchdog Security to run electrical to the poles. Mr. Siebensohn is overseeing the project.
- Set up a meeting with the associations South of the Highway: meeting TBA in February

INCIDENTS OF NOTE

January 1-31, 2020

January 12, 2021: The Water Department encountered a pump failure at the North Lift Station. Security Patrol provided an escort for the Water Department to minimize any chance of sewage spill onto the roadways. District staff confirmed that no spillage occurred.

January 13, 2021: Patrol responded to the report of a wild animal snap trap placed along one of the walking trails. The anonymous RP provided a picture of the trap and the surrounding area. Patrol searched several trails before locating the area and discovered that the trap had already been removed.

January 21, 2021: Legacy Lane - Patrol responded to the report of a suspicious vehicle pulling a trailer. An anonymous RP stated the truck and trailer went towards the airport. Patrol headed towards the airport checking for the vehicle when the RP called back and stated that the truck and trailer returned to the new houses on Legacy Lane. As Patrol started in that direction, the RP stated that the truck and trailer backed up to a garage, and subjects were seen loading items into the trailer. When Patrol arrived, there was a white Chevy truck with a red camper and trailer backed up to the garage of a home under construction. An older male adult was loading the brand new cabinets into the trailer. There was also a newer black Chevy 4D 4WD with after-market black wheels parked at the curb. The driver was hiding in the truck, fled at a high rate of speed with the lights off when Patrol attempted to make contact. The subject loading cabinets in the trailer stated that somebody was helping him, and that person ran through the house. The other subjects were not located. Sacramento County Sheriff's Department responded for the investigation.

January 26-27, 2021: Patrol responded to 13 calls related to the storm in a 24-hour period:

- Cantova Way/Murieta Way: Tree uprooted and fell on the OE3 building, and also brought down a power line. Fire responded. SMUD responded for the electrical repair.
- Several other calls such as tree limbs blocking the roadways and a downed stop sign were reported.

January 31, 2021: 7000 blk Murieta Parkway at 0842 hours – House fire. Patrol responded to assist the Fire Department with traffic control.

Resident XXX XXXX was dressed in the same attire described by the RP. I asked Miss XXXX if she had made contact with any of her neighbors earlier that morning. Miss XXXX did say that she entered the garage of one of her neighbors (XXX XXXX) and knocked on the door to ask for a ride to the Bel Air market to purchase milk. Miss XXXX did say that she began to open the doorway leading from the garage into the house and her dogs were barking so she closed the door. Miss XXXX also stated that she made contact with the resident (XXX XXXX) and asked about a ride to the Bel Air market. The resident (XXX XXXX) was unable to accommodate because she had prior plans and was taking her children and her cousin's children to an event. Miss XXXX stated that her intention was not to startle the resident and apologized for doing so. I advised Miss XXXX that her actions were that of trespassing, and that upon entering the garage of a dwelling without permission is where her error began. Miss XXXX was unaware of the requirements needed to be considered trespassing. Miss XXXX stated that she would not repeat the mistake again. In speaking with Miss XXXX I was able to smell alcohol on her breath, I asked her if she had any drinks earlier in the morning, she stated that she had some drinks last night. End of report.</p>

1/21/2021 6:19:26 PM 21-01-0176	Suspicious Vehicle/Mapped Location (N/A) Tompkins	Patrol responded to the report of a suspicious vehicle pulling a trailer. The anonymous RP stated the truck and trailer went towards the airport. Patrol headed towards the airport checking for the vehicle when the RP called back and stated that the truck and trailer returned to the new houses on Legacy Lane. Patrol started in that direction the RP stated that the truck and trailer backed up to a garage loading stuff with the lights off. When patrol arrived there was a white Chevy pick up with a red camper and a trailer backed up to the garage an older male adult was loading the brand new cabinets into the trailer. There was another truck a newer black Chevy four-door four-wheel-drive with after market black wheels parked at the curb the driver was hiding in the truck and when I approached the truck it took off at a high rate of speed with the lights off. The subject loading cabinets in the trailer stated that somebody was helping him and that person ran through the house. The subject on scene was highly cooperative. Patrol checked him for weapons and got his ID. Dispatch was already calling the sheriffs department at patrols

		<p>request. Patrol heard the sounds of a vehicle in a collision nearby. The developer's son who lives in the neighborhood came by and kept an eye on the individual so patrol could check the accident. Involved party in the accident was a CSD officer on his way to work. When fire arrived on scene patrol returned back to the house to wait on the Sheriff's department. Once the Sheriff's department was on scene and the individual was turned over to him patrol cleared to call. The subject provided a first name and phone number for one of the other two individuals that were on scene. The second individual was believed to have walked by and then took off running across the field towards Bel Air. A truck matching the description that fled the scene pick the running individual up in Bel Air parking lot.</p>

1/22/2021 1:32:29 PM 21-01-0183	VEHICLE ACCIDENT /Mapped Location(N/A) Tompkins	Patrol heard a vehicle collision on Jackson Highway while dealing with a theft at Marietta gardens. Patrol went to the scene of the accident Because the vehicle that fled the scene may have been the cause. Once on scene patrol discovered a single vehicle off the roadway in a field at the location of Jackson Highway and Oakville Lane. The driver of the vehicle was a CSD officer who was pretty banged up but conscious and talking. The driver stated that a vehicle made an abrupt U-turn directly in front of him causing him to take evasive actions. The driver was complaining of back pain but refused medical transport and was transported by a family member to the hospital. CSD officer performed a video review but was unable to identify the vehicle that caused the accident.

MEMORANDUM

Date: January 30, 2021
To: Security Committee
From: Tina Talamantes, Interim Security Chief
Subject: Consider Adoption of District Policy P2021-02, Body Worn Camera Policy Revision

RECOMMENDED ACTION

Review District Policy P2021-02, Body Worn Camera Policy Revisions.

BACKGROUND

Body-worn cameras provide accountability and transparency to the public and will provide a recording of an incident that may supplement an employee's report, conduct, investigation and enforcement activity.

To provide the Rancho Murieta Community Services District's (District) Security Patrol Officers (Patrol Officers) and Security Department with the necessary procedures, policies, and responsibilities for the use of the body-worn camera systems as well as the management, storage, and retrieval of audio/video material recorded by body-worn cameras. Recorded data serves a dual purpose to the District by protecting both Patrol Officers and citizens.

SUMMARY

Revisions have been made to the current policy. This policy will be moved to the regular Board meeting February 17, 2021 if the Committee approves revisions in the policy.

Category:	Security	Policy # -- P201921-042
Title:	Body-Worn Cameras	

PURPOSE

Body-worn cameras provide accountability and transparency to the public and will provide a recording of an incident that may supplement an employee's report, conduct, investigation and enforcement activity.

To provide the Rancho Murieta Community Services District's (District) Security Patrol Officers (Patrol Officers) and Security Department with the necessary procedures, policies, and responsibilities for the use of the body-worn camera systems as well as the management, storage, and retrieval of audio/video material recorded by body-worn cameras. Recorded data serves a dual purpose to the District by protecting both Patrol Officers and citizens.

POLICY STATEMENT

The use of body-worn camera systems provides persuasive documentary evidence and helps defend against civil litigation and allegations of officer misconduct. Patrol Officers assigned the use of body-worn camera and video systems will adhere to the operational objectives, policies, responsibilities, and procedures outlined in this policy to maximize the effectiveness and utility for the body-worn camera system and the integrity of evidence and related video documentation. District employees who violate this policy will be subject to disciplinary action, up to and including termination.

Only trained personnel should operate approved body-worn camera devices. Personnel will only use the body-worn cameras issued and approved by the District. The wearing of any other body-worn camera is not authorized.

Formatted: Font: 12 pt

Body-worn camera's operate in a constant recording mode. When an incident or citizen contact is made, the Patrol Officer is required to "activate" a recording. Activation of a recording initiates a the recording of individual event. This event will later upload to the District's secure body-cam server for review preservation. Patrol Officers are required to place the body-camera to their uniform at the beginning of each shift. The body-cam shall be turned on at all times during the shift. At the end of each shift, the Patrol Officer is required to return the body-cam to the docking station. Upon return to the docking station, activation events are automatically uploaded to the secure server.

OBJECTIVES

The District's Security Department has adopted the use of body-worn camera systems to accomplish the following objectives:

1. To enhance Patrol Officer safety and accountability.
2. To accurately capture statements and events during the course of an incident.
3. To enhance the Patrol Officer's ability to document and review statements and actions for both internal reporting requirements and investigations.

4. To provide an impartial measurement for self-critique, evaluation, performance, and professionalism.
5. To capture visual and audio evidence/information for use in current and future investigations and proceedings and to protect against false accusations.

DISTRICT RESPONSIBILITIES

1. The District shall provide one personal body-worn camera for each Patrol Officer. Patrol Officers will use only District-owned and issued body-worn camera systems.
2. The District will provide Patrol Officers and Sergeants with training on the use of body-worn cameras and video systems. Only trained personnel shall operate approved body-worn camera devices.
43. The District will approve media viewing and duplication devices.

ADMINISTRATIVE RESPONSIBILITIES

The Security Chief or equivalent District employee has oversight responsibilities to include the following:

1. Operation and user administration of the system.
2. System evaluation.
3. Training and recordkeeping as such.
4. Policy and procedure review and evaluation.
5. Coordination with Information Technology staff regarding system-related issues.

OFFICER RESPONSIBILITIES

1. Patrol Officers will wear the body-worn camera when on patrol. The camera shall be worn and used in the manner specified in training and per this policy. The camera shall be powered on at all times during the Patrol Officer shift.

Unless it is unsafe or impractical to do so, or mechanical issues impede the use of the camera, Patrol Officers shall activate the camera prior to making contact in any of the following incidents: (a) enforcement encounter when there is a reasonable suspicion that the person is or was involved in criminal activity, a violation of law, or other misconduct; (b) when responding to a dispatched call; (c) when investigating any incident, claim, violation or wrongdoing; (d) when responding to a traffic collision; and (e) when contact with a person becomes adversarial after the initial contact (not covered by the above

2. The camera ~~will~~ shall not be activated (a) in private places such as a restroom, locker room, or dressing room, and (b) when an individual is partially or completely unclothed. A Patrol Officer may choose not to activate the camera when interviewing witnesses and members of the community who wish to anonymously report or discuss criminal activity or other wrongdoing in their neighborhood, or when having a casual non-enforcement conversation with a member of the public. Officers shall wear the device affixed in an appropriate forward facing manner, and properly secured as recommended by the manufacturer to provide the best field of view.

3. If a Patrol Officer is in doubt about whether to activate the camera, the officer should record the incident. Patrol Officers should consider using the body-worn camera as a means of documenting all citizen contact, except as otherwise provided above.

24. When the body-worn camera system is activated to document an incident, it will not be deactivated until the incident or encounter has been concluded, the officer has left the scene, or a supervisor has authorized (on camera) that a recording may cease unless:

- a. The incident or event is of such duration that the body-worn camera system may be deactivated to conserve recording times;
- b. The Patrol Officer does not reasonably believe that deactivation will result in the loss of critical information; and
- c. The intention to stop recording shall be noted by the Patrol Officer verbally on camera before deactivation.

35. If a Patrol Officer fails to activate the camera when he or she should have, fails to record the entire incident, or interrupts the recording, the officer shall document why a recording was not made, was interrupted, or was terminated. Submitting a report and explanation will not necessarily avoid discipline or corrective action, if it appears that the officer violated this policy.

46. _____ When necessary to help ensure the accuracy and consistency of accounts for written _____ reports, Patrol Officers may contact the Patrol Sergeant or the Security Chief or equivalent District employee and _____ request ~~to a~~ review of the recording.

57. Patrol Officers will not erase, alter, reuse, modify, edit, duplicate, share, distribute, or tamper with any body-worn camera system, recording or storage device without prior written authorization from the Security Chief.

17. Streaming of body-worn camera footage to personal cellular phones or social media is not authorized. Personnel are explicitly prohibited from accessing recorded data for personal use or publication onto public and social media internet websites. Any violations of this prohibition will be grounds for sanctions, including disciplinary action.

SERGEANT RESPONSIBILITIES

1. When an incident arises that requires the immediate retrieval of the recording, the Patrol Sergeant, Security Chief, or equivalent District employee ~~or designee~~ shall remove the memory card, when applicable, or body-worn camera from service. The Security Chief or equivalent District employee shall transfer the recording to the ~~Security Chief's computer video storage file on the~~ District's Security-secure body-cam Sserver.
- a. Upon downloading, the Security Chief, or equivalent District employee ~~or designee~~ shall flag the entry as evidence to ensure that it will not be inadvertently deleted after the one-year retention period (per Government Code, Section 53160) for non-evidence or investigation related recordings.

2. The Security Chief or equivalent District employee or Sergeant shall conduct periodic reviews to:

a. a.—Ensure the equipment is being used in accordance with policy and procedures.

b. Monitor and document the use, and failure to use, the body-worn camera to ensure officers are receiving needed training and counseling regarding the device.

cb. Report and correct any Patrol Officer discrepancies in the use of the body-worn camera system.

de. Make recommendations for revision to the policy, procedures, officer training, or equipment needed.

ed. Inspect for equipment damage, loss or misuse and to report and investigate the cause.

fe. Assess Patrol Officer performance.

2. 3.—Minor Patrol Officer misconduct or infraction (non-criminal) discovered during a routine review of recorded material generally should be viewed as training and counseling opportunities and not as a cause for disciplinary action. However, should the behavior or action be serious or recur or become habitual after being previously addressed, the appropriate disciplinary or corrective action shall be implemented if warranted.

REVIEW OF DATA/VIDEO

1. Data captured by the body-worn camera is an official District record and shall be treated in the same manner as reports and evidence.- All access to the system will be logged and subject to a compliance audit at any time. -Access to the system is permitted on the right to know and need to know basis.- Only employees authorized under this policy may review video according to the provisions of this policy.

2. An employee may review body-worn camera files as it relates to:

a. Their involvement in an incident for the purpose of completing a report.

b. Prior to courtroom testimony.

c. For potential training purposes.

MEDIA DUPLICATION

1. All cameras, equipment, recorded media, recorded images, and audio/video recordings are the property of the District. Accessing, copying, distributing, using or releasing video or audio files outside of the District or for non-Security Department purposes is strictly prohibited without specific written authorization from the Security Chief or General Manager. The exception is the release of recorded video/audio to law enforcement agencies with authorization from the Security Chief, or equivalent District employee or General Manager.
2. Requests to review or copy video/audio recordings made under the Public Records Act shall be made through the Security Chief, or equivalent District employee or General Manager. Each request will be evaluated and responded to on a case-by-case basis. If a recording is to be released, only the incident or incidents specifically requested shall be duplicated. The District reserves the right to decline a request for the following records: investigatory or security files compiled by the District for law enforcement or licensing purposes; any record where, on the facts of the particular case, the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record; records concerning confidential crime victim, sexual assault or child abuse images or recordings; and, any other record exempt from disclosure under the Public Records Act.
3. To prevent damage to or the alteration of the original recorded media, it shall not be moved or copied to, viewed in, or otherwise inserted into any non-District approved computer or other devices.
4. When possible and practical, a copy of the original recorded media stored in evidence shall be used for viewing by investigators, staff, training personnel, etc., to preserve the original media in pristine condition.
5. At the conclusion of court proceedings, investigations, other adjudicated hearings or as otherwise authorized, all copies shall be submitted back to the Security Chief, or equivalent District employee, or General Manager for retention.
6. A Patrol Officer may review video footage of an incident in which he or she was involved before making a statement or being interviewed or examined about the incident.

MEDIA STORAGE, RETENTION AND DESTRUCTION

1. Recorded data from the body-worn camera systems shall be retained in the Security Chief's office for a minimum of one year (as required by Government Code section 53160).
2. After one year, if the data is not needed for evidence, training, a pending disciplinary matter, pending criminal case, civil lawsuit, claim or other proceeding, other investigative

or law enforcement purpose or pending citizen complaint, the General Manager is authorized to destroy and erase the data within the computer system in a manner consistent with current District Policy.

3. Recorded data from body-worn camera systems shall not be destroyed or erased without the General Manager's approval.

When an incident arises that requires the immediate retrieval of the recording, the Patrol Sergeant, Security Chief, or equivalent District employee shall remove the memory card, when applicable, or body-worn camera from service. The Security Chief or equivalent District employee shall transfer the recording to the District's secure body-cam server.
 - a. Upon downloading, the Security Chief, or equivalent District employee shall flag the entry as evidence to ensure that it will not be inadvertently deleted after the one-year retention period (per Government Code, Section 53160) for non-evidence or investigation related recordings.
2. The Security Chief or equivalent District employee or Sergeant shall conduct periodic reviews to:

- a. Ensure the equipment is being used in accordance with policy and procedures.
 - b. Monitor and document the use, and failure to use, the body-worn camera to ensure officers are receiving needed training and counseling regarding the device.
 - c. Report and correct any Patrol Officer discrepancies in the use of the body-worn camera system.
 - d. Make recommendations for revision to the policy, procedures, officer training, or equipment needed.
 - e. Inspect for equipment damage, loss or misuse and to report and investigate the cause.
 - f. Assess Patrol Officer performance.
2. Minor Patrol Officer misconduct or infraction (non-criminal) discovered during a routine review of recorded material generally should be viewed as training and counseling opportunities and not as a cause for disciplinary action. However, should the behavior or action be serious or recur or become habitual after being previously addressed, the appropriate disciplinary or corrective action shall be implemented if warranted.

REVIEW OF DATA/VIDEO

1. Data captured by the body-worn camera is an official District record and shall be treated in the same manner as reports and evidence. All access to the system will be logged and subject to a compliance audit at any time. Access to the system is permitted on the right to know and need to know basis. Only employees authorized under this policy may review video according to the provisions of this policy.
2. An employee may review body-worn camera files as it relates to:
 - a. Their involvement in an incident for the purpose of completing a report.
 - b. Prior to courtroom testimony.
 - c. For potential training purposes.
 - d. A supervisor necessitating clarification regarding a concern from a citizen.
 - e. A supervisor, who is investigating a particular incident or accusation of misconduct, may review videos based on a supervisory need.
3. In no event shall any recording be used or shown for the purpose of ridicule or embarrassing any employee or member of the community.

MEDIA DUPLICATION

1. All cameras, equipment, recorded media, recorded images, and audio/video recordings are the property of the District. Accessing, copying, distributing, using or releasing video or audio files outside of the District or for non-Security Department purposes is strictly prohibited without specific written authorization from the Security Chief or General Manager. The exception is the release of recorded video/audio to law enforcement agencies with authorization from the Security Chief, or equivalent District employee or General Manager.
2. Requests to review or copy video/audio recordings made under the Public Records Act shall be made through the Security Chief, or equivalent District employee or General Manager. Each request will be evaluated and responded to on a case-by-case basis. If a recording is to be released, only the incident or incidents specifically requested shall be duplicated. The District reserves the right to decline a request for the following records: investigatory or security files compiled by the District for law enforcement or licensing purposes; any record where, on the facts of the particular case, the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record; records concerning confidential crime victim, sexual assault or child abuse images or recordings; and, any other record exempt from disclosure under the Public Records Act.
3. To prevent damage to or the alteration of the original recorded media, it shall not be moved or copied to, viewed in, or otherwise inserted into any non-District approved computer or other devices.
4. When possible and practical, a copy of the original recorded media stored in evidence shall be used for viewing by investigators, staff, training personnel, etc., to preserve the original media in pristine condition.
5. At the conclusion of court proceedings, investigations, other adjudicated hearings or as otherwise authorized, all copies shall be submitted back to the Security Chief, or equivalent District employee, or General Manager for retention.
6. A Patrol Officer may review video footage of an incident in which he or she was involved before making a statement or being interviewed or examined about the incident.

MEDIA STORAGE, RETENTION AND DESTRUCTION

1. Recorded data from the body-worn camera systems shall be retained in the Security Chief's office for a minimum of one year (as required by Government Code section 53160).
2. After one year, if the data is not needed for evidence, training, a pending disciplinary matter, pending criminal case, civil lawsuit, claim or other proceeding, other investigative or law enforcement purpose or pending citizen complaint, the General Manager is authorized to destroy and erase the data within the computer system in a manner consistent with current District Policy.
3. Recorded data from body-worn camera systems shall not be destroyed or erased

without the General Manager's approval.
